As Hawaii's oldest property management company, we take seriously the legacy of trust from our founder, Masayuki Tokioka. We are committed to his values of fairness, honesty, responsiveness and reliability which he demonstrated every day. Over the past few years, Hawaiian Properties has been able to successfully expand due to its leadership, dedicated and hardworking employees, and commitment to its clients. We are excited and humbled to welcome the company's newest clients starting from May through July 2017.
