AUSTRALIA'S LEADING
INSULATED ROOFING MANUFACTURER
SINCE 2002

PATIOS | ROOFING | DECKS | CARPORTS | GARAGES

AUSTRALIAN OWNED AND MANUFACTURED

THE ULTIMATE OUTDOOR ROOFING FOR ALFRESCO LIVING AT ITS BEST

Ausdeck's Insulated Roofing is simply the last word in patio and outdoor roofing. A clever three-in-one design that combines exterior roofing, superior insulation and a finished ceiling in an easy to install cut to length panel.

This premium roofing blends state-of-the art roofing with modern finishes that will transform the outdoor appeal of your home. Superior, durable roofing that creates all weather outdoor spaces for year-round comfort and entertaining.

Australian owned and manufactured, Ausdeck Insulated Roofing provides the most cost effective, low maintenance solution to transform outdoor spaces into stunning alfresco living areas.

OUTDOOR LIVING DESIGN OPTIONS

Skillion / Carports

Ausdeck Insulated Roofing offers endless design possibilities and to help you choose the right finish for your outdoor living space, Ausdeck has created an Augmented Reality tool. "Ausdeck Vision" is a cleverly designed program that allows you to mix and match design elements and colour finishes to explore the best design for your outdoor living environment.

Gable End

A gable awning with skylights or freespan roofline to match your existing roof profile? A traditional flat roof design with sleek, ceiling finish or self bracing hip roof for a high pitched effect? Because each and every Ausdeck Insulated Roof is custom designed, your new outdoor living area is limited only by your imagination! Ask your patio designer to recommend the best solution for your house style, or experiment with different finishes with the Ausdeck Vision.

Combination Roof

Our super strength 1.2 mm Shurelock Beams are key to reducing the number of posts required. We're so confident in the strength and durability of our products that we offer a 15 year guarantee on every insulated patio system we manufacture.

Flyover

The team at Ausdeck has more than 100 years combined insulated roofing experience. Ausdeck is one of the largest patio producers in Australia and our patio systems are engineered to provide maximum comfort at the most cost effective price. That's because our systems are custom-designed for easy installation and delivered right to your door in modular panels ready to bring your new outdoor living area to life. Functional, Durable, and Affordable.

Eco Housing

Ausdeck Insulated Roofing is not just for outdoor living! Because of its superior thermal properties and clever engineering it requires no timber trusses. Ausdeck Insulated Roofing is becoming the architects choice for energy-efficient housing. Our insulated roofing is showcased on many of the properties in the Ecovillage at Currumbin on the Gold Coast: awarded as the world's finest example of sustainable urban development. Friendly on your wallet and friendly to the environment!

THE MOST VERSATILE OUTDOOR ROOFING SOLUTION

COLOUR SELECTOR

	Off White		Gully		Mountain Blue
	Smooth Cream		Wallaroo		Territory
	Gull Grey		Jasmin Brown		Monolith
	Merino		Basal		Ebony
	Birch		Manteal		Caulfield Green
	Mist Green		Iron Grey		Heritage Red
	Coventry		Tuscan Red		Zinc
	Armour Grey		Slate Grey		

Ausdeck Corrugated Panel

Ausdeck Ribbed Panel

Durable, three-tiered roofing material which bonds a high tensile roof sheet and a smooth underskin/ceiling with an insulating polystyrene core. Roof sheets and beams are made-to-measure and come ready to install.

A Cleaner Finish

Ausdeck Insulated Roofing delivers a sleek designer finish as cables from fans and lighting are concealed within the roofing panels. *Ingenious design, Unrivalled performance!*

SUPERIOR INSULATION... DESIGNER APPEAL

Your custom designed Ausdeck roofing comes with your choice of 50mm, 75mm, 100mm, 125mm or 150mm fire retardant insulated core: a roofing solution that reduces heat transmission and insulates against noise from rain and storms. This energy efficient insulation keeps your outdoor living area cool in summer and warmer in winter.

Your Ausdeck Insulated Roof will not only give year-round protection from the elements, its clever design maximises outdoor living spaces by minimising support beams and posts creating a larger outdoor living area than you might imagine.

When researching, important things to consider are

- Colour selection.
- Length of warranty.
- Will the colour and style match your existing roof?

Create your new outdoor living area with a 15-year warranty; more strength; fewer posts; more colours; and more styles to match your existing home, with an Ausdeck Insulated Patio.

Australian Made - Australian Owned.
Manufactured 100% in-house.

WE RECYCLE OUR PACKAGING MATERIALS

Ausdeck Patios & Roofing is committed to reducing landfill by reusing its packaging. A dedicated fleet of recycling trucks collects our packaging material from our worksites, which is either reused or recycled.

ABOUT US

Ausdeck Patios and Roofing is an Australian owned and operated company that specialises exclusively in the manufacture of patio and roofing systems for both the home improvement and commercial roofing markets. We strive to provide you with a thoroughly rewarding experience. Ausdeck designs, engineers and manufactures 100% in-house to create a range of roofing profiles in twenty-three colours, so you can enjoy larger living and entertaining areas, all year round. Our distributor selection process is extremely strict, and you will experience superior service to match our strong and durable products.

OUR WARRANTY

We're so confident about the quality of our insulated roofing, we offer a 15 year Warranty on our ribbed and corrugated profiles. Our unrivalled guarantee protects you against defects that may be caused by the manufacturing process. When you buy from Ausdeck, you're purchasing from a reputable Australian manufacturer of quality products custom-designed to withstand our harsh weather conditions.

*Conditions apply - please speak with your Authorised Distributor.

**Australian Made - Australian Owned. Manufactured 100% in-house.
More colours - More styles - Stronger Beams - More strength.**
