

Lead with Heart™

Digital Photography Class Fine Art Department School Year 2026-2027

Art courses follow the NYS Standards

743 Digital Photography/ Photoshop 1 11, 12 (1/2 credit)

A full year of computer art course where students will take photographs as assigned projects. They will learn the engineering of a camera as well as the basic elements of photography, which include technical skills of camera operations & composition. The images will be brought into the digital dark room of Adobe Lightroom & Photoshop, where the students will learn digital editing tools and a variety of digital photo editing techniques.

Supplies needed prior to class starting in September:

DSLR camera with removable Lens

Students must purchase their own DSLR camera with the ability to control aperture and shutter speed

SD memory cards

Students will need two SD memory cards (32+gig)

Suggested Camera (if you do not have a DSLR)

Canon Rebel approx \$480

Can be purchased in any store

Used Cameras

****Camera must have body & lens approx \$250-300**
