Make a Plan to Vote with 2020 Voter Education Guide

Arguably the most important election of our lifetime is only **one month away** on November 3, 2020. Women have the power to determine the outcome of this, and every election, if we all vote.

So make a plan to vote!

[Check your voter registration status](#) and, if you need to, register to vote before October 9.

If you plan to vote by mail, **[order your absentee ballot](#)** by October 27.

If you plan to vote early, **[find your nearest Early Polling Location](#)** and head over there between October 24 and November 1.

And, once you have a plan, check in with your friends, your colleagues, and your family to make sure everyone is ready to vote this autumn.

The importance of female leaders in elected positions has been amply demonstrated during this pandemic. It has never been more important than right now to elect leaders who value female leadership, women's voices, and women's rights. In time for the election, the WNY Women's Foundation has

updated its "[Women in Leadership](#)" fact sheet via the ALL IN Initiative to illustrate the importance of female leadership.

It is vital that all eligible women vote in this election. We are at a critical juncture in history—let's seize this moment to make our voices heard for gender and racial equity, for inclusivity, for our rights as women, and for our children.

The WNY Women's Foundation has developed a [free 2020 Voter Education Guide](#) for all the details about how to vote, how to engage with candidates in your area on issues affecting women, and how to help others vote. Please feel free to share with friends and family!
