

Ready, Set, Lead!

Aspiring Leader Expectations and Program Overview

About: Part of the ALL IN Initiative, Ready, Set, Lead! is a data-informed WNY Women's Foundation program. It addresses the gender gap in leadership by facilitating career, personal, and community development for women and gender minorities in the first five years of a career. Aspiring Leaders will receive six months of structured mentorship from established community leaders, six educational sessions focused on building leadership acumen, formal coaching, and access to a diverse community network of cohort colleagues. They will develop new skills, identify areas for growth, and develop a pathway to prepare for future leadership positions.
