

Freelance Trainer

Safer Waves

Person Specification

Essential

- Significant maritime experience, including time spent working at sea or experience in maritime operations.
- Familiarity with maritime conventions and regulations (e.g IMO framework, MLC)
- Competence in using IT for online delivery (e.g google meet, teams, zoom)
- Experience delivering training, presentations or educational sessions to adults.
- Awareness of issues relating to sexual harassment, abuse, discrimination, consent and inappropriate behaviour at sea (further training provided)
- Awareness and understanding of confidentiality

Desirable

- Experience within a welfare role, providing support to those experiencing difficulties
- Knowledge of safeguarding principles
- Knowledge of support pathways for people who have experienced sexual violence
- Knowledge of criminal justice system
- Knowledge of bystander intervention

Values and conduct

- Uphold Safer Waves value and ethos, demonstrating utmost respect for those who have experienced sexual violence
- Commitment to speaking out about all forms of sexual violence and there being no place for this behaviour at sea
- Represent Safer Waves in a professional manner at all times

Other

- Ability to travel to deliver in-person training
- Access to reliable WiFi and appropriate equipment to deliver online training
- Flexible availability to meet training demands
