

Spa Menu

Concept

In the Mapuche's ancient dialect, Ahín means “ceremony” or “welcoming ritual”, a practice to honor a visitor.

At Ahín Wellness & Spa, we perpetuate this ancient civilization and extend the harmony within their rituals of personal care to our treatments menu.

According to the Mapuches, the day and night pass during three periods: *Liwen, Ragiantu and Pun.*

Body and mind integrate with them. That is why we follow nature's cycles. From the visitor's first step into the spa, they submerge into a light bath of therapeutic colors that respect the principles of cromotherapy.

Experience

The treatments and massages are provided in our five treatment rooms or spa suites, which feature shower areas and toilets for your comfort. Each suite boasts the splendor of natural light streaming through windows that overlook the private internal gardens of the Palace, complete with splendid water ponds.

At Ahín Wellness & Spa, we are dedicated to taking care of our guests and customers' well-being. If you are staying with us at the hotel, we will kindly ask your room number to register your visit.

**Our swimming pool, sauna, and Jacuzzi facilities are available exclusively for guests.*

**We do not recommend receiving a massage during pregnancy.*
