The Allen Bradley Clock Tower (Rockwell Automation) was once known as the world's largest four sided clock. When the time changes November 1st, it will take approximately ten minutes to reset clock by one hour. This landmark tower has been seen in the skies of Milwaukee since 1962. Clock tower measures "283 feet" high and "each of its four faces is 40 feet in diameter." It has been known as a "navigational landmark" on Lake Michigan and has been informally called a "moon" on Milwaukee's south side.

Thanksgiving Fellowship Meal
Sunday November 22nd 12:30 PM
Lake Country Lutheran High School
Hartland

DAYLIGHT SAVING TIME BEGINS "EARLY" IN THE MONTH- SUNDAY NOVEMBER 1ST SET YOUR CLOCKS BACK ONE HOUR!

With an approaching time change, we may think of "shortened" daylight hours with an early dusk and increased darkness. As we focus on "turning back time," resetting our household clocks, watches, and have technologies that effortlessly reset cell phones at 2 AM, a time for a "spiritual clock reset" may come to mind.

Ecclesiastes 3:11 NIV:
"He has made everything beautiful in its time. He has also set eternity in the human heart, yet no one can fathom what God has done from beginning to end."

Psalm 90:12 NIV:
"So teach us to number our days that we may gain a heart of wisdom."

2nd Peter 3:8 NIV:
"But do not forget this one thing, dear friends:
With the Lord a day is like a thousand years and a thousand years are like a day."
