Nearly half the world (over 3 billion people) lives on less than \$6.85/day†. We are on a mission to change that, together.

To address the root causes of poverty, we bring together a global community of changemakers — individuals, nonprofits, and businesses — and partner with proven grassroots organizations around the world that provide education to all children, empower women and girls, and emphasize ethics and service to enable individual and community transformation.

Our Promise to You: We maintain the highest standards of integrity and accountability. We keep you informed of exactly how your donation is used, and clearly report the impact of your investment.

†World Bank 2022 Poverty and Shared Prosperity report
