

Better Behavior Together

ECHO Series

About

Join Telehealth ROCKS for this 3-part series to better understand challenging behaviors in schools and create supports to help preschool and elementary-aged kids be their best. We'll use the Project ECHO model designed to create virtual communities of learners. We'll draw expertise from behavioral health experts and your experience to support the learning and wellbeing of children in your community.

Join us from 9-10 AM Central time

- Session 1: Wednesday, Oct. 8, 2025
- Session 2: Wednesday, Nov. 12, 2025
- Session 3: Wednesday, Dec. 10, 2025

Audience

Schools and organizations who want to learn strategies to better support young children with challenging behaviors.
