

INTERCULTURAL SOLUTIONS

COUNTRY SMART GUIDES

Country Smart Guides provide assignees and their families with an easy to use online platform that offers access to country specific information for over 170 countries worldwide. This valuable resource offers destination information for a successful transition whether used as a complement to any Intercultural Training or as part of a NetExpat online cross-cultural solution.

With Country Smart Guides, users can feel confident knowing they have access to a vast database of information for the answers to their most pressing and time sensitive questions related to finances, health & safety, social customs or simply everyday living.

BENEFITS

- Latest country information for over 170 countries worldwide
- Global resources including family center, relocation essentials, business travel and more
- Create customized reports to download or print
- Easy to use navigation so you can find the info you are looking for
- Mobile friendly access for use on the go
- Notifications for the latest health and security information
