Meet the Director

Alexandra McGriff is starting her fifth season with 24/7 Dance Studio! Originally from southern Alabama, she danced competitively in her youth and joined the professional company, Alabama Dance Works, at the age of 17. In addition to dancing with ADW, she taught recreational classes and was actively involved in the competition team, choreographing multiple award-winning competition routines. She is certified in Acrobatic Arts module 1 and Alixa Flexibility modules 1, 2, and 3. Alexandra is thrilled to be leading 24/7 Club and can't wait to share the excitement with our students!

24/7 DANCE STUDIO

PRESENTS:

*We are excited to introduce a brand-new performance opportunity for our dancers—**24/7 Club!***

More opportunities. More stage time. More fun!

24/7 Club is a flexible performance opportunity designed to give dancers additional chances to perform throughout the year. Dancers can choose to participate in one, several, or all performance events, with just a few rehearsals required for each event.

It's a fun, supportive way to build confidence, gain performance experience, and continue growing as a dancer!

Q&A

Do you need to do all events?

No, Dancers can choose to participate in one event, three events, or all available events—the choice is completely up to you and your dancer!

Can I miss any rehearsals?

Due to the limited number of rehearsals, attendance at all scheduled rehearsals is required. The only exception is if a dancer is sick and contagious and should not be in the studio.

Do dancers have to audition?

No! 24/7 Club is designed to be an accessible performance opportunity for dancers who want more chances to perform.

What will we wear at the performance?

Dancers will wear their 24/7 Club T-shirt with black dance bottoms for most performances. Except for *Disney's Dare to Dream & Kris Kringle*.

Why is the Disney's Dare to Dream cost different?

The *Dare to Dream* fee reflects the additional production costs, including rehearsal expenses, overhead, and director fees.

Do I need to be a student at 24/7 Dance Studio?

Yes! This is only offered to current students.

Why should my dancer participate?

Because sometimes you just want to **DANCE!** 24/7 Club gives dancers the opportunity to perform, try different styles, meet other dancers, build confidence, and enjoy being on stage—all without the commitment of joining a company.
