Tray Trucks

- 2 – 10 Tonne
- Single & Dual Cab
- Tow Pack
- Automatic & Manual
- Reverse Camera & alarms
- UHF radio
- Roof mounted arrow boards

Truck Mounted Attenuators (TMA)

- Fully compliant safety specification
- Short, medium and long wheel base

Street Sweepers

- Dual sweep, 650mm diameter. Channel Brushes with steel tine - up to
- Payload voided volume - 5.6m3 3,600mm swept path

Aggregate Loaders

- Loads, Conveys, and precoats aggregate rock ready for spray seal application

Plant Trailers

- 4 - 9 Tonne
- Deck Construction
- Independent Rubber Suspension
- LED Lights
- Hinged Aluminum Ramps
- Robust Steel Mudguards, double coated

Tag Trailers

Features

- Single - Axle Tag
- Tandem - Axle Tag
- Tri - Axle Tag

Features

Tri - Axle Tag

- 7.5m Deck
- 1m Beaver Tail
- Pre-camber chassis
- Hydraulic Ramps 750mm x 2800mm
- Power pack with battery system
- LED Lighting

Drop Deck Trailers

- Tandem - Axel
- Tri - Axel
- Ramps to Front
- Hydraulic Ramps

Dog Trailers

Features

- Tri - Axle Dog
- Quad - Axle Dog

Wheeled Loaders

- Bucket size 0.8m3 struck / 1m3 heaped
- Bucket size 1.5m3 struck / 1.8m3 heaped
- Bucket size 1.1m3 struck / 1.3m3 heaped
- Bucket size 1.8m3 struck / 2.1m3 heaped

Backhoe Loaders

- Backhoe 4x4 - Supplied with 3 buckets

Telehandlers

- Operating weight 3300Kg

Motor Graders

- Motor Grader - 12ft
- Motor Grader - 14ft
- GPS Compatible
- Road Registered

Skid Steer Loaders

- Operating weight 1600 - 4950 kg
- 4 in 1 Buckets standard inclusion
- Beacon
- Reverse Squawker

Skid Steer Attachments

Attachment	*Size*
Profilers	600 - 1000 mm

Hi-Flow - Fully enclosed drum housing - Available in widths from 450mm to 1000mm with depths up to 250mm - Easy Maintenance

Attachment	*Size*
Grader Blades	2100 - 2400 mm Width

Electric over hydraulic controls - Hydraulic cylinders - Adjustable blade curl - Reversible bolt on cutting edge - Free floating front axle

Attachment	*Size*
Collector Brooms	1800 mm

Built in brush - Adjustment handles - Replaceable cutting edge on bucket - Multiple machine use

Excavators

- 1.8 - 36 tonne Machines
- Mud, GP and Trench buckets are standard inclusions
- GPS Compatibility
- Trailer options

Excavator Attachments

Attachment	*Suitable to*
Hydraulic Breakers	3 - 35 Tonne Machines

Attachment	*Suitable to*
Auger Drives	3 - 35 Tonne Machines

Attachment	*Suitable to*
Compaction Wheels	14 -35 Tonne Machines

Attachment	*Suitable to*
Sieve Buckets	2.5 - 35 Tonne Machines

Attachment	*Suitable to*
Tilt Mud Buckets	3 - 23 Tonne Machines

Tractors // Slashers // Front End Loader

- 80 - 170 Horsepower
- 4x2 / 4x4
- Front End Loader
- 4 in 1 Bucket
- UHF Radio
- Fire Suppression Ready
- 1.8 Meter Hydraulic Slashers
- 75 hp gear box - High torque hydro motor - Fitted with run down clutch - Operating flow 38-70 LPM - Medium or heavy duty

Combination Rollers

- 8 - 16 Tonne
- LED lighting
- Tractor towable
- Road Registered

Compaction Plates

- 55 - 1200 Kg
- Hydraulic Motor
- Shock isolation system
- Thick steel base

Single Drum Rollers

- 4 – 16 Tonne
- Fully enclosed ROPS/FOPS air-conditioned cabin
- LED Beacon
- Drum vibration

Double Drum Rollers

- 1.2 – 7 Tonne
- Pressurised water sprinkler system
- Articulated steering increases maneuverability
- Dual drum vibration

Multiwheel Rollers

- 4 - 24 Tonne (Ballast available)
- Air-Conditioned cab
- Reverse camera
- Capacity to roll out geo-fab
- Extended rear compaction width to 6 wheels

Padfoot Rollers

- 5 – 16 Tonne
- Fully enclosed ROPS/FOPS air-conditioned cabin
- LED Beacon
- Drum vibration

Mobile Site Huts

- Small and Medium
- Fridge/ Microwave
- Generator
- Table & Chairs

Tow Brooms

Features

- Off Set
- Beacons
- Swivel head
- Various Tow Hitch's

Traffic Lights

- Easy Tow
- HF Antenna
- Quick Setup
- Solar

Digital Data Signs

- Solar powered
- Utility Towable
- Variable Message Signs - Speed Limit / Traffic notice

Water Tanks

- 1 - 8,000 L with Pump
- Petrol Pumps
- Custom Setup Available

Fuel Tanks

- 800L Towable
- 1000L
- Ute Tray mountable

Reversible Vibratory Plates

- Single lever directional control
- Adjustable and lockable guide handle
- Diesel

Generators

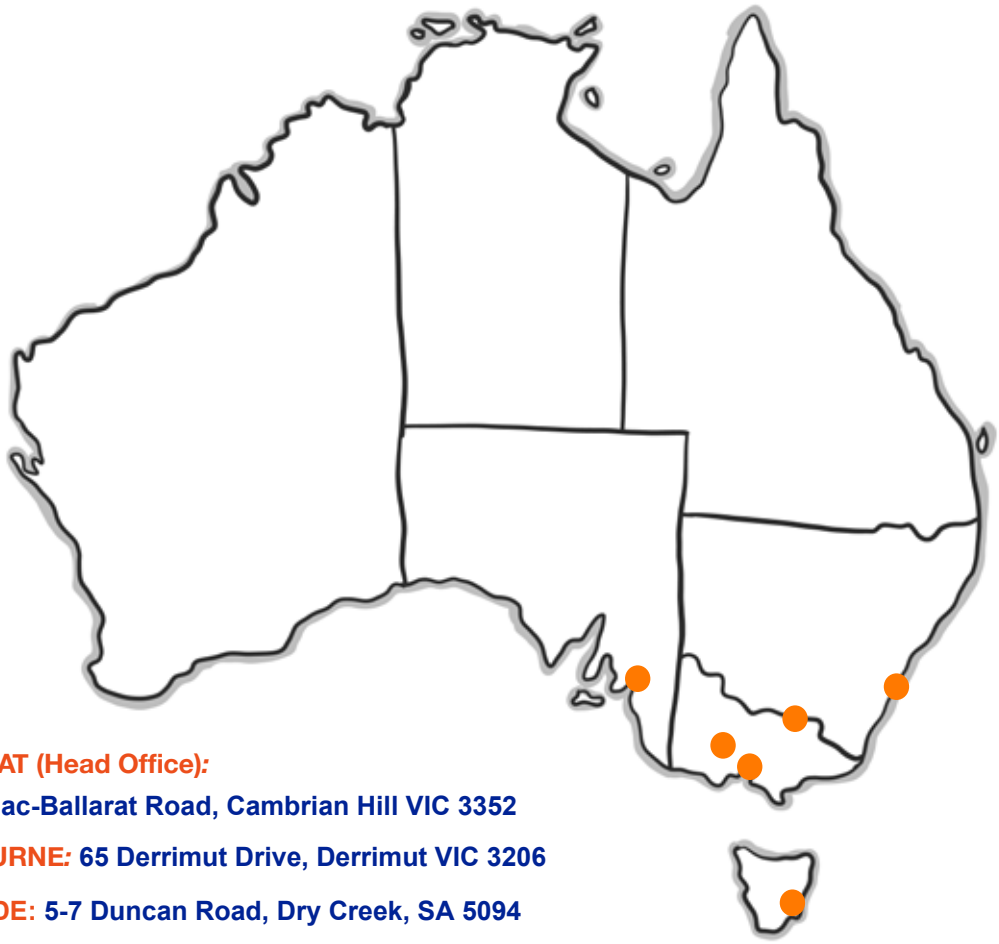

- Diesel
- 20 / 37 KVA
- 140 Liter range fuel tank (36 hours at 75% load)
- Isuzu 4 Cylinder Engine
- CompAp Controller
- Ultra Quiet

About

Porter Plant is a customer centric, innovative and agile business that is engaged in the dry hiring of plant, equipment and light commercial vehicles. Porter Plant has strategically placed locations throughout Australia to accommodate customer requirements.

For over 30 years the Porter Plant team have demonstrated a commitment to providing a high quality service based on trust.

Key Operating Areas

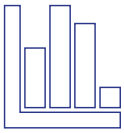

Accountant Management
Customer centric, relationship driven business outcomes for the dry hire of assets on short term, long term and lease agreements. Alignment of key business objectives with flexible contract terms.

Field Service
Providing in-field maintenance capability across Australia. Utilising a multi channel approach of in-housing and strategic partnerships to optimise asset uptime. Dedicated field service teams with industry related knowledge.

Asset Management Services
Content specific expertise to assist with the asset build pathway. Providing design, ordering, build project management, mobilisation and induction services.

Analytics
Providing analytical data on asset performance. Data generation to turn analytics into insights and insights into outcomes.

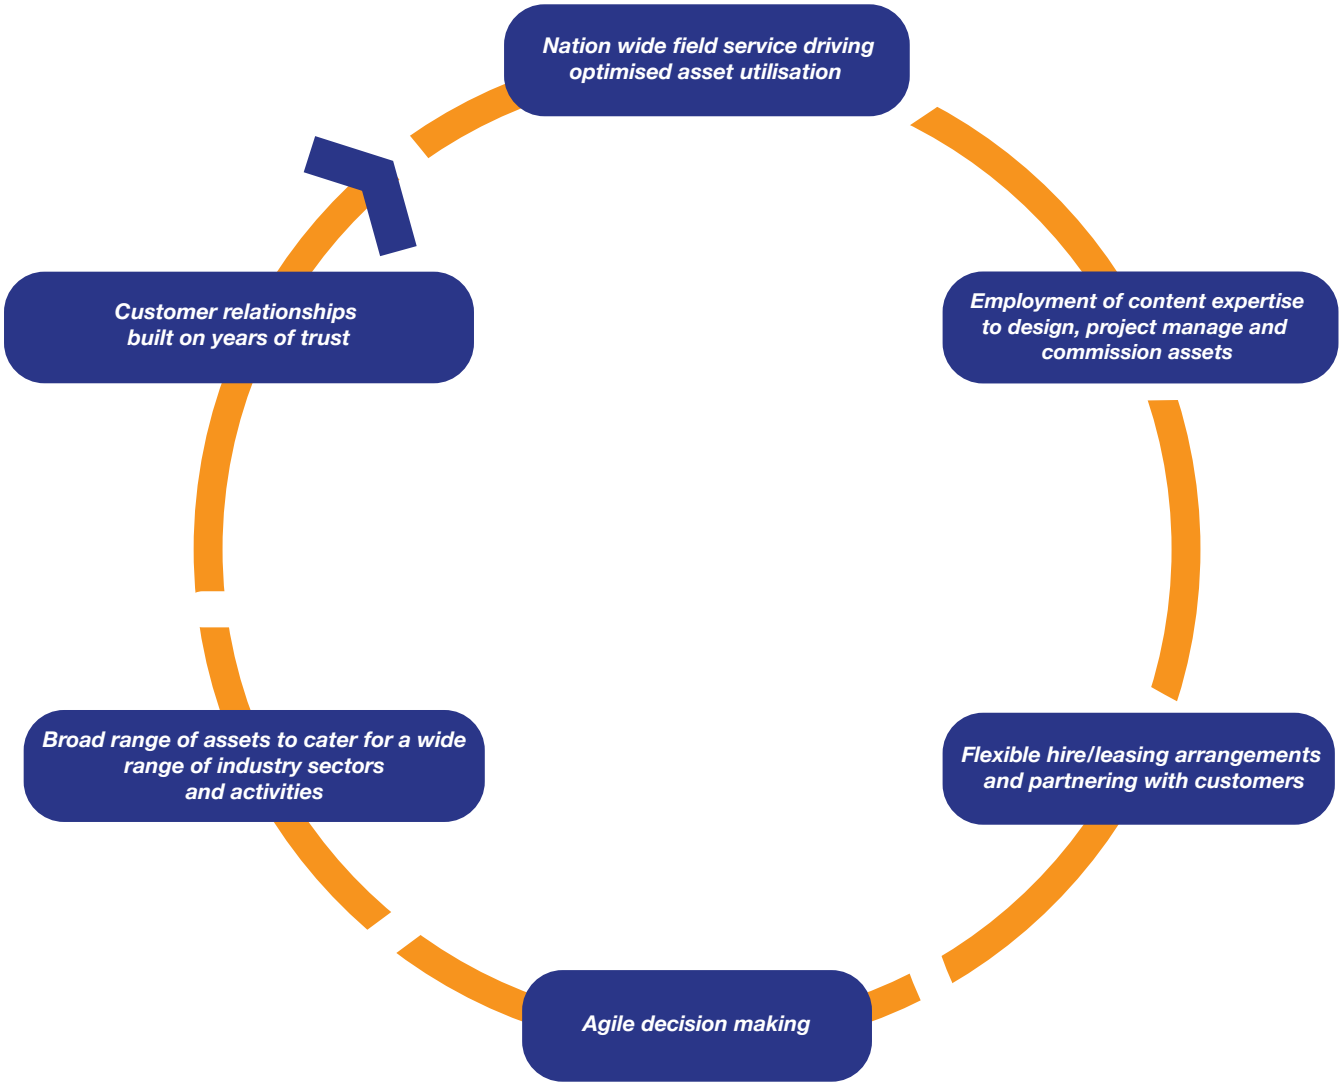

Innovation and Design
Concept generation that provides customers with bespoke solutions for industry requirements. Design, prototyping and engineering. Defining next generation equipment for tomorrows needs.

Vision Statement

Porter Plant will continue to lead the hire industry by building trusted relationships, and employing the most creative and thought driven people to deliver a high standard of innovative solutions to our valued customers.

Porter Plant Difference
