Remember that your use of Gigpro's Services is at all times subject to the Online Services Agreement (as applicable (the "Standard Agreements"), which each incorporate this Privacy Policy. Any terms we use in this Policy without defining them have the definitions given to them in the Standard Agreements.

What does this Privacy Policy cover?

This Privacy Policy covers our treatment of personally identifiable information ("Personal Information") that we gather when you are accessing or using our Services. It does not include the practices of companies we don't own or control, or people that we don't manage. We gather various types of Personal Information from our users, as explained in more detail below, and we use this Personal Information internally in connection with our Services, including to personalize, provide, and improve our services, to allow you to set up a user account and profile, to contact you and allow other users to contact you, to fulfill your requests for certain services, and to analyze how you use the Services. In certain cases, we may also share some Personal Information with third parties, but only as described below.

We do not knowingly collect or solicit personal information from anyone under the age of 17. If you are under 17, please do not attempt to register for the Services or send any personal information about yourself to us. If we learn that we have collected personal information from a child under age 17, we will delete that information as quickly as possible. If you believe that a child under

17 may have provided us personal information, please contact us at support@gigpro.com

Will Gigpro ever change this Privacy Policy?

Occasionally, we may need to change this Privacy Policy, but we will alert you to changes by placing a notice on the <https://www.gigpro.com> site, by sending you an email, and/or by some other means. Please note that if you've opted not to receive legal notice emails from us (or you haven't provided us with your email address), those legal notices will still govern your use of the Services, and you are still responsible for reading and understanding them. If you use the Services after any changes to the Privacy Policy have been posted, that means you agree to all of the changes. Use of information we collect now is subject to the Privacy Policy in effect at the time such information is collected.

What Information does Gigpro Collect?

Information You Provide to Us:

We receive and store any information you knowingly provide to us. Certain information may be required to register with us or to take advantage of some of our features.

We may communicate with you if you've provided us the means to do so. Also, we may receive confirmation when you open an email from us. This confirmation helps us make our communications with you more interesting and improve our services.

Information Collected Automatically

Whenever you interact with our Services, we automatically receive and record information on our server logs from your browser or device, which may include your IP address, geolocation data, device identification, "cookie" information, the type of browser and/or device you're using to access our Services, and the page or feature you requested. "Cookies" are identifiers we transfer to your browser or device that allow us to recognize your browser or device and tell us how and when pages and features in our Services are visited and by how many people. You may be able to change the preferences on your browser or device to prevent or limit your device's acceptance of

cookies, but this may prevent you from taking advantage of some of our features.

If you click on a link to a third-party website or service, a third party may also transmit cookies to you. Again, this Privacy Policy does not cover the use of cookies by any third parties, and we aren't responsible for their privacy policies and practices. Please be aware that cookies placed by third parties may continue to track your activities online even after you have left our Services, and those third parties may not honor "Do Not Track" requests you have set using your browser or device.

We may use this data to customize content for you that we think you might like, based on your usage patterns. We may also use it to improve the Services – for example, this data can tell us how often users use a particular feature of the Services, and we can use that knowledge to make the Services interesting to as many users as possible.

Collection of Location Information

We may collect information regarding the location of your device when you access the Services, unless you choose to disable location data through your device settings. We may deliver information or content specific to your location to you via the Services as a result of the location data we collect. If you disable the collection of geolocation information, the Service may not function as intended. Additionally, the opt-out mechanism on some operating systems may not be persistent, which will require you to opt-out of such collection each time you access the Services through your device.

Information Collected From Other Websites and Do Not Track Policy

Through cookies we place on your browser or device, we may collect information about your online activity after you leave our Services. Just like any other usage information we collect, this information allows us to improve the Services and customize your online experience, and otherwise as described in this Privacy Policy. Your browser may offer you a "Do Not Track" option, which allows you to signal to operators of websites and web applications and services (including behavioral advertising services) that you do not wish such operators to track certain of your online activities over time and across different websites. Our Services do not support Do Not Track

requests at this time, which means that we collect information about your online activity both while you are using the Services and after you leave our Services.

Will Gigpro Share Any of the Personal Information it Receives?

We do not rent or sell your Personal Information in personally identifiable form to anyone, provided certain Personal Information may be transferred in connection with business transfers, as described below. We may share your Personal Information with third parties as described in this section:

Information that's been de-identified. We may de-identify your Personal Information so that you are not identified as an individual and provide that information to our partners. We may also provide aggregate usage information to our partners (or allow partners to collect that information from you), who may use such information to understand how often and in what ways people use our Services, so that they, too, can provide you with an optimal online experience. However, we never disclose aggregate usage or de-identified information to a partner (or allow a partner to collect such information) in a manner that would identify you as an individual person.

Affiliated Businesses: In certain situations, businesses or third-party websites we're affiliated with may sell or provide products or services to you through or in connection with the Services (either alone or jointly with us). You can recognize when an affiliated business is associated with such a transaction or service, and we will share your Personal Information with that affiliated business only to the extent that it is related to such transaction or service. For example, if you book a request for Restaurant Services through Gigpro, we may share certain of your Personal Information with the user who made the request. We have no control over the policies and practices of third-party websites or businesses as to privacy or anything else, so if you choose to take part in any transaction or service relating to an affiliated website or business, please review all such business' or websites' policies.

Agents: We employ other companies and people to perform tasks on our behalf and need to share your information with them to provide products or services to you; for example, we may use a payment processing company (such as Stripe) to receive and process your credit card transactions for us and/or remit payment to you in connection with use of this service. Unless we tell you differently, our agents do not have any right to use the Personal Information we share with them beyond what is necessary to assist us. Note that an “agent” may also be considered a “partner” in certain circumstances and would be subject to the terms of the “**Information that’s been de-identified**” section in that regard.

User Profiles and Submissions: Certain user profile information, including your name, location, and any video or image content that such user has uploaded to the Services, may be displayed to other users to facilitate user interaction or requests for Services within the Services or address your request for our services. Please remember that any content you upload to your public user profile, along with any Personal Information or content that you voluntarily disclose online in a manner other users can view (on discussion boards, in messages and chat areas, etc.) becomes publicly available, and can be collected and used by any user of the Services. Your user name may also be displayed to other users if and when you send messages or comments or upload images or videos through the Services and other users can contact you through messages and comments.

Business Transfers: We may choose to buy or sell assets and may share and/or transfer customer information in connection with the evaluation of and entry into such transactions. Also, if we (or our assets) are acquired, or if we go out of business, enter bankruptcy, or go through some other change of control, Personal Information could be one of the assets transferred to or acquired by a third party.

Protection of Gigpro and Others: We reserve the right to access, read, preserve, and disclose any information that we reasonably believe is

necessary to comply with law or court order; enforce or apply our Terms of Use (<https://gigpro.com/terms-and-conditions>) and other agreements; or protect the rights, property, or safety of Gigpro, our employees, our users, or others.
