

Core Competencies

Early Express Services Inc. is a majority woman-owned, family-run print and mail production company operating from a single facility in Dayton, Ohio. Design, printing, addressing, presort, postage and outbound shipping are performed in-house, giving the government one accountable vendor with no subcontractor chain.

- **USPS presort mail services** — authorized presort provider for First-Class, Marketing Mail and Nonprofit Mail; own bulk permits; certified postage discounts with audit-ready documentation.
- **Print production & variable data** — digital and offset, wide format, finishing and bindery. Citizen notices, forms, brochures, booklets, signage and event materials.
- **Public outreach & EDDM** — saturation mailings across defined carrier routes for public health, election information, census and emergency notification.
- **Kitting, fulfillment & shipping** — assembly, kitting, packaging and outbound distribution for education and outreach programs.
- **Handwritten direct mail** — pen-to-paper and handwriting-font envelopes produced at scale for high-priority citizen outreach.
- **Data handling** — CASS-certified address processing, NCOA, deduplication and secure file transfer.

Differentiators

- **Twenty years serving Wright-Patterson.** Produced for the U.S. Air Force at Wright-Patterson AFB since the early 2000s, across multiple contract vehicles and the DUNS-to-UEI transition.
- **Twenty minutes from the installation.** Close enough for same-day proofs, hand delivery and a site visit before award.
- **Authorized presort, not a reseller.** Discounts are earned and documented in-house, not marked up from another operation.
- **Sized for micro-purchase work.** Quotes and delivers small requirements quickly, including on the government purchase card.
- **Scales both directions.** 500 letters or 500,000 — small requirements are not deprioritized behind large ones.
- **Continuous operation since 1977** under the same family, through decades of USPS rate and mail class changes.

Past Performance

CONTRACT	CUSTOMER	SCOPE	FY	VALUE
FA239625PB025	U.S. Air Force	Education outreach — kit & shipping	2025	\$17K
FA239624PB016	U.S. Air Force	Education outreach — kit & shipping	2024	\$16K
FA239623P0005	U.S. Air Force	Education outreach — kit & shipping	2023	\$13K

Recent awards are publicly reported in federal procurement records. Earlier awards for this customer were performed under the company's prior DUNS registration (037497724) and predate the UEI transition. Commercial, state and local references and full documentation available on request.
