Dear Friend,

With deep gratitude, thank you for changing the lives of children and adults with autism through your dedicated commitment to our work.

All of us at Autism Speaks are grateful for your generous support of our mission: to promote solutions, across the spectrum and throughout the life span, for the needs of people with autism and their families. Your donation of \$100.00 for Colorado Walk on 09/23/21 is bringing us one step closer to a world where all people with autism can reach their full potential.

Your selfless gift helps make every facet of our work possible. It empowers us to:

- Build upon decades of work to inspire greater understanding, acceptance and inclusion for people with autism and those who love and support them.
- Pursue research breakthroughs that can enhance lives and speed the development of more effective and personalized interventions for autism and its associated health conditions.
- Advance our efforts to ensure every child receives early screening and access to the support they need to live their best life.
- Develop systems and work with communities to ensure adults with autism can find, secure and retain meaningful work, through our Workplace Inclusion Now™ initiative and related efforts.
- Equip our community with the tools and resources needed to lead fulfilling lives. In fact, our advocacy efforts with and for people with autism helped to recently secure \$12.6 billion in federal aid for our community.

With 1 in 54 children and 1 in 45 adults in the U.S. on the autism spectrum, our community encompasses countless stories, perspectives, experiences and needs. Ours is a community that's incredibly diverse, and we're committed to doing more good for more people, with you by our side.

With gratitude,

Angela Geiger  
President and CEO
