Funeral Services & General Price List

A clear guide to services, merchandise, and prices

EASY TO UNDERSTAND, SIMPLIFIED CONSUMER INFORMATION

The Federal Trade Commission requires funeral homes to provide specific pricing information and disclosures. That information can be hard to understand. Here is a simplified overview.

BURIAL
Complete burial costs can range from $2,695 and up, depending on the services and merchandise you select. A complete traditional funeral with the least expensive casket, provided at no cost with the required package and outer burial container purchase, is approximately $6,000.

CREMATION
Services range from $1,795 for a simple cremation, to approximately $2,500 for cremation with a memorial service, to $4,395 for cremation with complete traditional services, including casket.

We are committed to transparent pricing and have no hidden fees. We are here to help and will do our best to serve you within your budget whenever possible.

People Who Care

A guide to your choices

This price list describes the services and merchandise Hazel Green Funeral Home can provide. You may choose the items that fit your wishes and budget. The service descriptions and prices are presented separately so you can compare options.

General Price List

These prices are effective as of October 12, 2026. Prices are subject to change without notice.

The goods and services shown below are those we can provide to our customers. You may choose only the items you desire. However, any funeral arrangements you select will include a charge for our basic services and overhead. If legal or other requirements mean you must buy any items you did not specifically ask for, we will explain the reason in writing on the statement we provide describing the funeral goods and services you selected.

Basic services fee

Our basic services fee covers the funeral director and staff services, arrangements conference, funeral planning, consultation with family and clergy, shelter of remains, preparing and filing notices, obtaining authorizations and permits, coordination with the cemetery, crematory, and other third parties, and a proportionate share of overhead. The fee is added to the arrangements you select. It is already included in direct cremation, immediate burial, forwarding, and receiving charges.

Embalming

Except in certain special cases, embalming is not required by law. Embalming may be necessary, however, if you select certain funeral arrangements, such as a funeral with viewing. If you do not want embalming, you usually have the right to choose an arrangement that does not require you to pay for it, such as direct cremation or immediate burial.

Direct cremation and alternative containers

If you want to arrange a direct cremation, you can use an alternative container. Alternative containers encase the body and can be made of materials like fiberboard or composition materials, with or without an outside covering. The container we provide is a fiberboard container. Hazel Green Funeral Home operates its own crematory.

Casket and outer burial container price lists

The casket and outer burial container prices are included in this booklet. A complete list of the caskets and outer burial containers we offer appears in the merchandise sections.

Package pricing

The Traditional Service Package is offered for convenience and savings compared with itemized pricing. It is available only with purchase of a casket and outer burial container from the funeral home. The $150 Memorial Package Purchase Credit is a charge included in the package and cannot be declined. See the package page for what is included and excluded.
