There When You Need Us

What is ReadyStock?

Symmons ReadyStock is a group of products that will always be in stock and ready to ship within 3 days, regardless of your quantity needs.

With ReadyStock, you know you are getting durable, reliable and modern products along with the peace-of-mind that you will get them when you need them.

ReadyStock™
Always in Stock

- No Limit to Order Quantities
- Ships within 3 business days, guaranteed.
- Standard freight rules apply, FOB Braintree, FFA at \$2,500 (\$1,500 for Canada) net.

Scan me with your camera to view all ReadyStock products!

Quick Reference Guide

Shower Modifiers

The ordering process for Symmons shower systems includes a modifier system where standard parts can be removed from the SKU and, if needed, preferred replacements can be ordered as new line items.

- L1 = Less showerhead
- L2 = Less hand shower
- L3 = Less showerhead & hand shower
- L4 = Less head, arm & flange
- L5 = Less hand shower system
- L6 = Less tub spout
- L7 = Less handle

Building Shower SKUs with Modifiers

To build SKUs for preferred shower configurations, use the following formula in the specific order as shown:

Base SKU + Finish + Modifier + Flow Rate (If Applicable) + TRM = Final SKU

In the example below, a Duro shower/hand shower system is ordered in Matte Black without a showerhead, and with a flow rate of 1.5 gallons per minute:

Base SKU	Finish	Modifier	Flow Rate	TRM Final SKU
3695	MB	L1	15 (1.5 gpm)	3695MBL115TRM (1.5 gpm)

Commercial Solutions

Symmons has provided solutions for a wide range of commercial customers worldwide in a number of segments including Hospitality, Multifamily, Healthcare, and Facilities.

Available Finishes

SCOT

Polished
Chrome

SCOT® Metering

The SCOT® Metering faucet delivers consistent metered wash cycles for commercial, healthcare, hospitality, and other demanding high-use applications. The all-metal body features a deep chrome finish, a self-cleaning cartridge, and the single-lever handle equals fewer parts, easier installation, and lower maintenance. With safety, compliance, and conservation in mind, the SCOT offers the flexibility to adjust both the wash cycle time and the water temperature. The SCOT is also fully compliant with ADA regulations for accessibility and operation.

Activsense®

Gone are the days of hands-on fixtures. Luckily, so are the auto-sensing units that are synonymous with airport bathrooms. Difficult to install, hard to maintain and just as hard to operate. These faucets and soap dispensers don't work in the new normal. The future is ActivSense®.
