

## Host Family Information

*Support a Player. Strengthen Your Community. Be Part of the Game.*

Do you love baseball? Want to make a meaningful impact on a young athlete's life while bringing the excitement of the season into your home?

The Mid America League is seeking host families to welcome players into their homes during the season. Host families play a vital role in the success of our teams — providing a safe, supportive home environment so players can focus on competing, growing, and representing the community with pride.

Hosting a player is a rewarding experience that creates lifelong memories and lasting relationships.

### What Host Families Provide

- A private bedroom for the player during the season
- A welcoming home environment and basic meals
- A supportive, family atmosphere away from home

Players typically stay for the duration of the season (mid-May – mid-August).

### What Host Families Receive

- Complimentary season tickets for immediate family
- Invitations to exclusive host family events and team activities
- A behind-the-scenes connection to your local team
- The opportunity to make a positive impact on a young athlete's future
- A chance to build lasting friendships — and maybe even host a future professional player!

### Why Host?

Host families help shape young men both on and off the field by offering stability, encouragement, and community support. Many families form lifelong bonds and proudly follow their host player's career for years to come.

### Interested in Becoming a Host Family?

Contact your local Mid America League team for details on availability, expectations, and how to get involved.

Be part of the team. Be part of the journey. Be a Host Family.
