m: 07917 148807 e: sales@solentmotoryachts.com

Solent Motor Yachts, Hamble River Boat Yard, Bridge Road, Swanwick, Southampton SO31 7EB

Sealine F530

Description:

Sealines best flagship delivers more than the largest flybridge to be found on a 53 foot motoryacht. No less than three open-air seating areas make you feel like you are onboard a 60 footer or even larger boat. Breathtaking panoramic views, a powerful hull design and an unmatched amount of natural light inside – all these elements place the Sealine F530 at the top of its category. It is fully equipped to enjoy the elevated position to the full. Seating for up to ten, wet bar, sound system, sunpads - everything is right at your hand to serve any need. The foredeck on the Sealine F530 offers another location to socialise or relax with the cosy dinette for entertaining at any time of the day or converted to a sunbathing area. After the sun has set, smartly integrated pop-up lights add an idyllic note to the evening ambience.

With her flybridge extending right aft, the **SEALINE F530** sets the standard in her length class. Charismatic lines and the distinctive **SEALINE** windows define her exterior design. And topping it all off perfectly is the flybridge. The sheer space it offers, the varied seating landscapes and the open-air galley with grill and fridge make it a noble world of experience in itself. At this level, luxury runs through the entire yacht – from the cockpit to the sun deck at the bow via the spacious saloon. In three elegantly-equipped double cabins and two bathrooms, each guest is offered an opulent space of their own. The owner's suite extends amidships over the entire beam. Charming details such as the chaise longue at the window define her interior, which is handcrafted from meticulously selected materials. Aft, you have the choice between an externally accessible crew cabin or a storage space.

She is a large and spacious 3 cabin plus 1 crew flybridge with sports cruiser performance with the largest engine option being the Volvo Penta D8-IPS800 drives with a joystick and Dynamic Positioning to make manoeuvring and crewing a breeze with the walk around sidedeck access from the rear cockpit and twin saloon side deck doors.

She has a great specification and part exchanges will be considered.

Just reduced by £50,000 to £599,950 making her exceptional value for a boat of her age, size and specification.

Contact Derek to arrange a viewing today.

Specification and equipment:

- Construction: GRP
- Hull Colour: White
- Drive Type:
- Maximum Speed: 33 knots (approx.)
