Manufacturer's details:

In Europe, the Merry Fisher has become a reference for its design concept, style, performance and comfort onboard. In all sea conditions, the Merry Fisher is seaworthy and sure, distinguished by its extraordinary versatility, capable of transforming from 100% cruiser to 100% fishing boat.

You will appreciate her modular cockpit, immense aft swim platforms flowing seamlessly from the cockpit, and very comfortable forward sundeck equipped with adjustable seatbacks. According to your needs, the co-pilot bench seat can pivot to create a wide space for entertaining in the cockpit. At night, the bench seat can also be transformed into a berth!

On the interior, you will be impressed by the bright natural light diffused through the opening wide sliding glass doors, and windows in the hull. The Merry Fisher 1095 features important innovations in the distribution of living space. You will be surprised by the numerous storage compartments integrated into the large and fully functional galley, and by the spacious head compartment with separate shower.

Below, in addition to the saloon, three cabins are available: a large and comfortable owner's cabin, a guest cabin, and an innovative third cabin! This additional space, whether dedicated for storage or for additional sleeping space, enables you to customise your interior layout for cruising "à la carte!"
