

More than 50% lighter Over 40% smaller

Small . Powerful . Easy

The new, lightweight 1kW single-phase DIN-rail power supply from PULS is over 50% lighter and more than 40% smaller than comparable supplies in this power class.

- 125mm wide housing & weight of just 1.9kg
- High efficiency of 94.6%
- Lowest loss performance over a wide load range
- Wide input voltage range : 100 to 240Vac
- 24V/40A, 36V/26.7A & 48V/20A output
- PULS HiccupPLUS overload protection
- Full rated load-current over -25°C to 60°C
- 50% BonusPower® protection
- Easy connection to cables up to 10 mm²
- Internationally approved package

"Specialist support can be as simple as using the live online help desk, or asking Power Specialist, Chris Leek, to help with the BOM for a new design"

PULS

"PULS is a strong global brand with a well-deserved reputation for bringing new and innovative class-leading solutions to the DIN rail market."
