

Charcroft acquires TAB Silver Mica

High-performance Silver Mica capacitors

The acquisition of TAB Components by Charcroft Electronics secures the continuity of supply for TAB's silver mica capacitors under Charcroft's CEL brand. The silver mica capacitors will be produced in the UK at Charcroft's manufacturing division. Charcroft also manufactures legacy multilayer ceramic capacitors and foil resistors, as well as custom passive assemblies, and is a Vishay Approved Precision Centre.

- High-voltage, frequency & temperature ranges
 - High voltage: up to 1000Vdc (SBI/SBA108HV)
 - High frequency: up to 30MHz (SBI/SBA108HF)
 - High temperature: -55°C to +250°C (A3M-HT/SM1-HT)
 - Precision dipped radials: 10pF to 3500pF (SBH)
 - Trimmed to any value in 1pF increments
 - Moulded radials to BS2011 (xxM)
 - Tin-coated copper wire terminations
 - Encapsulated dipped radials (x1D)
 - Excellent humidity and mechanical protection
 - Manufactured in the UK
 - Samples from stock or short lead-time
