

Drop-in replacements for obsolete passives

Work smarter not harder with Charcroft's Obsolescence Help Desk

Finding a new alternative to an obsolete passive is an easy, fast and safe option

Charcroft's Obsolescence Help Desk has access to hundreds of legacy catalogues and datasheets so we can convert your obsolete passives part number into a new alternative which has the same form, fit and function. In fact, our alternatives can often provide higher performance whilst still being drop-in replacements. And if a direct alternative does not exist we may even be able to manufacture one.

- **Easier** than sourcing obsolete parts
- **Safer** than the grey market
- **Faster** than a re-design
