

Made in Wales: Extending the life of legacy components

With its UK-based manufacturing facility, Charcroft is ensuring continuity of supply for crucial legacy components through a series of acquisitions and approvals from major manufacturers. For more complex challenges, UK-based design and manufacturing of custom passive assemblies helps to eliminate re-designs for equipment operating in the most extreme environments, including scientific research, defence, avionics and space.

- 2003 Ashcroft Ceramic Capacitors acquisition
- 2003 Vishay Precision Centre approval
- 2004 Oxley Mica acquisition
- 2006 TT Electronics Welwyn Precision Resistors approval
- 2009 Custom Resistor-Capacitor (RC) Modules
- 2013 Bowtech motors & event counters acquisition
- 2014 Tab Mica acquisition
