

Charcroft dives deeper to cut leadtimes

Specialist support on lead-time management

From automatically checking for alternatives to allocated parts, to investing in UK-based inventory, Charcroft takes responsibility for helping customers to find solutions to extended lead-times on passive components.

For buyers

- Identifying alternative parts with faster availability
- Cross-referring parts from non-franchised manufacturers
- Getting fast answers from franchised manufacturers
- Investing in inventory to minimise back-to-back ordering
- Actively planning inventory based on potential demand
- Minimising inventory liability and procurement risk for customers
- Strong linecard of global and specialist franchises

For engineers

- Auditing availability during parts selection
- Identifying upgraded alternatives to legacy devices
- Suggesting ways to design-in flexible procurement
- Liaising between customer engineers and buyers
- Thinking outside the box to find different approaches
- Taking responsibility for delivering a total solution
- Specialist though-life support on designs

UK-based manufacturing facility

- Custom passive assemblies
- Manufacture of legacy passives
- Vishay Approved Precision Centre
