

NEW

CT79 HT200

WET TANTALUM HIGH TEMPERATURE

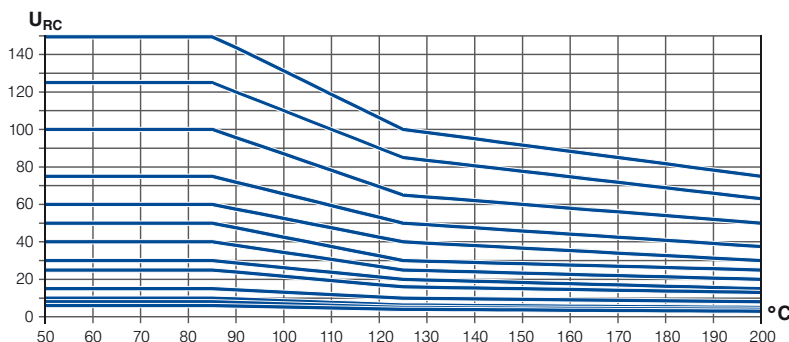

High temperatures designs are now possible in high reliability thanks to the new CT79 HT200 Tantalum capacitors from FIRADEC

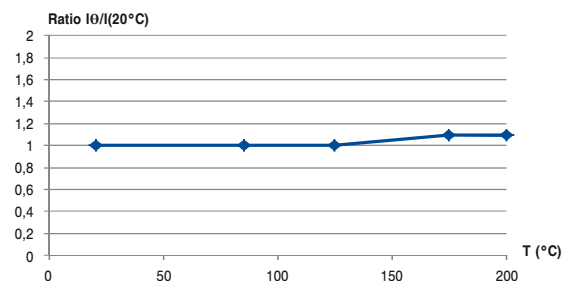

APPLICATION RANGE

Voltage	up to 150 V
Capacitance	10 V ➔ 2200 µF 25 V ➔ 850 µF 150 V ➔ 82 µF
Applications	Filtering Energy storage Energy conversion
Market	Down hole Defense Avionics

DERATING IN VOLTAGE

LEAKAGE CURRENT vs TEMPERATURE

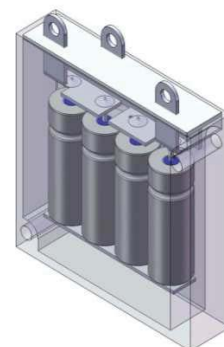

➔ Stability of the leakage current vs Temperature

PERFORMANCES IN VIBRATIONS

Up to 100 g in shock
Up to 50 g

➔ Ideal for severe environments

POSSIBILITY TO PUT IN MODULES

➔ Turn key designs are possible
