

## Charcroft Boosting Capacity for Made in UK Bulk Metal® Foil Precision Resistors

**MALVERN, Pa. — August 26, 2014 —** Vishay Precision Group, Inc. (NYSE: VPG) today announced that it has partnered with Charcroft Electronics Ltd to boost the availability of Bulk Metal® Foil precision resistors made in the United Kingdom by the Wales-based electronics distributor and manufacturer.

VPG is working with Charcroft to implement new equipment that will increase capacity for Bulk Metal Foil resistors made in the UK while allowing Charcroft to support more volume with shorter lead times.
