

25-Aug-05

Ohmite RoHS Status

Product Category	Product Description	Date when RoHS Parts can be Ordered
Surface Mount Resistors	LVC Series Low Value Thick Film Mini Macro Chip Series Thick Film High Voltage SMD Chip RC, RF, RW, RP, RM Series Surface mount power TDH35 Series TO220 Surface Mount MacroChip Series Surface Mount Precision Thick Film Metal Plate Current Sense 60S Series Four-terminal Current Sense Resistor RW Type HVC Series High Voltage Chip Resistor High Energy Wirewound Resistors Various Constructions	Available Now Available Now Available Now Available Now Available Now Available Now Available Now Available Now
Wirewound Power Resistors: Industrial and Military Grade	10 Series Low Ohm Wire Element, Molded Silicone 10 Series Four Terminal Current Sense 200 Series Tubular Axial Lead 20 Series Conformal Vitreous Enamel 210 Series Tubular Adjustable 250 Series Oval Core Fixed 270 Series Tubular Fixed 280 Series Corrib Hi-Current, Fixed and Adjustable 30 Series High Energy 40 Series Conformal Silicone Ceramic 60 Series Low Ohm Base Metal Element 60 Series Four Terminal Current Sense 80 Series Conformal Silicone Ceramic 89 Series Axial Lead Wirewound, Aluminum Housed 90 Series Molded Vitreous Enamel Audio Gold Resistors Audio applications Axiohm® Series Centohm Coated Wirewound CS3 Series Precision Current Sense Resistors HS/HSN Series Axial Lead Wirewound, Aluminum Housed Metalohm Series Radial Lead Wirewound PC-58 Series Tubular Radial Lead WH/WN/WL Miniature Molded Wirewound WFH Aluminum Housed Wire Wound Power Resistor P Series Axial Molded Precision Wirewound	Available Now Available Now Available Now Available Now Available Now Available Now Available Now Available Now Available Now Available Now Available Now Available Now Available Now TBD Available Now Available Now Available Now Available Now Available Now Available Now TBD TBD Available Now
Wirewound High Current	14984 Series High current round edgewound Powr-Rib® Series Edgewound/round wire power WLRD6G Series High current oval edgewound resistors WLRH Series Heliohm wirewound resistors WLRB, WLRC, WLRF Series Edgeohm and Hexohm helical wound	Available Now Available Now Available Now Available Now Available Now
Wirewound/Metal Oxide Resistors: Commercial Grade	TWW/TWM Series Ceramic Housed Radial Lead	Available Now
Carbon & Ceramic Composition Resistors	A Series High Impulse Energy, Ceramic Composition Little Demon® Series Carbon composition molded OX/OY Series Ceramic composition	Available Now Available Now Available Now
Thick Film Power Resistors	Power Chip® TA Series Alumina Substrate Radial Leads PECOS® TC Series Thick film on porcelainized steel	Available Now Available Now
Heat Sinkable Thick Film Power Resistors	TAH20 Series TO220 Types TAP1000 Series High Power Planar TAP600 Series High Power TBH Series 25W TO220 resistors TCH35 Series TO220 Types TL Series Aluminum housed w/quick connect TEH Series TO247	Available Now Available Now 1-Jan-06 TBD Available Now Available Now Available Now
Thick Film, High Voltage, Precision Resistors	Econo-Mox Series Thick Film High Voltage Maxi-Mox Series Precision resistors and dividers Mini-Mox Series Precision resistors (MOX 400, MOX1125, MOX750) Mini-Mox Series Precision resistors (MOX 200) Mini-Mox Series Precision resistors (MOX 300) Power-Mox Series Precision power resistors and dividers RX-1M Hi-Meg Series High resistance and stability Slim-Mox Series Precision resistors and dividers Micro Mox series	Available Now Available Now Available Now Available Now Available Now Available Now Available Now Available Now
Commercial Film Resistors	Packaging Carbon & Metal Film Resistors Resistor Assortment Cabinet (CC, WW, MF, CF, MO) Resistor Assortment Cabinet Surface Mount (S10, S12, S25, S00 Series) PowrFilm Metal Alloy Film	Available Now Available Now Available Now TBD
Variable Voltage Controls	Potentiometers Molded composition Power Tap Switches High-current, non-shorting Rheostats (Potentiometers) wirewound	TBD Available Now Available Now
Inductors	Z Series R. F. plate chokes	Available Now
