

MobReady

Capability Statement

Who Are We?

MobReady is a majority Aboriginal owned & operated organisation with a purpose to connect our communities with sustainable employment through educational pathways.

We currently offer our services across NSW, ACT & QLD.

Our Vision

Founded as part of the Indigeco group, our mission is to nurture grassroots talent into leadership opportunities while breaking cycles and changing the narrative for our people.

Locations

HQ - North Sydney
Penrith
Wellington

Group Training Organisation (GTO)

Our flagship service is connecting Mob with sustainable employment through trainee & apprentice opportunities. This service is operational across NSW, ACT & QLD. Our key difference is the post-placement mentoring provided to both the candidate and supervisor to ensure all parties are supported to thrive.

Pre-Employment Programs

We specialise in designing & facilitating pre-employment programs in collaboration with employers and selected RTOs.

These typically range from 3-days to 2-weeks with soft skills and accredited training delivered to ensure participants are geared to thrive in their new careers.

Cultural Awareness Training

With a focus on creating a culturally safe workforce for everyone, MobReady specialise in Cultural Awareness Training. Our sessions focus on engagement, recruitment & retention while considering past & present factors, intergenerational trauma and key considerations.

Mentoring Services

While mentoring is a loosely used term, MobReady focuses on delivering culturally safe & holistic support to ensure our people are thriving in the workforce. This is a tailored service, available to new & existing staff.

Youth Initiatives

We have a strong focus on empowering the next generation, which we drive through a variety of tailored services to schools and the broader youth community to increase industry exposure and job readiness.
