## JANUARY 2026

### Welcoming 2026

#### A Thank You Message to Our Customers

As we begin a new year, we want to extend our sincere appreciation to the homeowners, business owners, and facility managers who have trusted us with their plumbing, heating, cooling, and indoor air quality needs. Serving our community is a responsibility we take seriously, and we are grateful for the continued confidence you place in our team.

Thank you for welcoming us into your homes throughout the past year. Whether we were performing routine maintenance, restoring comfort during an unexpected breakdown, or helping you upgrade to more efficient equipment, we appreciate the opportunity to support your family's comfort and safety.

Your loyalty and referrals mean more than you know, and we look forward to keeping your home comfortable in every season of 2026.

We also want to thank the many businesses, property managers, and organizations who rely on us to maintain comfortable, productive environments for employees, customers, and tenants.

We understand the importance of reliable HVAC performance in your operations, and we value the partnerships we have built across a wide range of industries. We remain committed to providing dependable service, timely support, and solutions that help you manage energy costs and system performance throughout the year ahead.

The HVAC industry continues to evolve, with new efficiency standards, updated refrigerants, and smarter technology becoming the norm. Our team is prepared for these changes and ready to help you navigate upgrades, maintenance, and long-term planning with confidence.

Whether you have been with us for years or recently joined our customer family, we appreciate the trust you place in our work. We look forward to serving you in 2026 and continuing to provide the reliable, professional support you expect.

Wishing you a comfortable, efficient, and healthy year ahead.

## GOHN & STAMBAUGH 2025 EMPLOYEE OF THE YEAR

### ED GILLETTE

Ed Gillette has been with Gohn & Stambaugh for 27 plus years. Ed does most of our bathroom remodeling jobs as well as some other plumbing service work as needed. Away from work Ed is an avid hunter who likes to spend most of his time outdoors.

We at Gohn & Stambaugh are proud of Ed's workmanship and service to our customers.

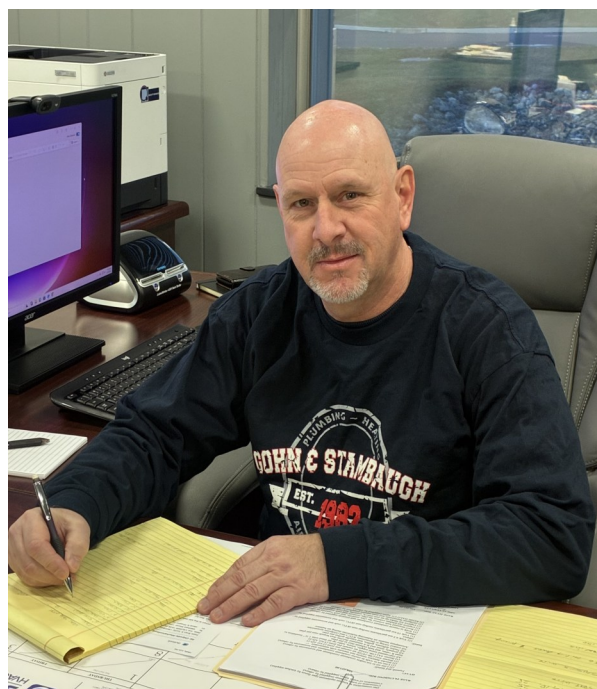

## WELCOME RAY SMITH COMMERCIAL/RESIDENTIAL ESTIMATOR

### Ray Smith

We are excited to announce that Ray Smith has joined Gohn & Stambaugh Inc. as a Commercial/Residential Estimator.

He brings 25 years of experience as a Sales Account Manager, Manufacturing Rep and Senior HVAC Estimator with HVAC Commercial Business and will focus on commercial plan/spec projects, configuring, pricing, and utilizing various commercial and residential products. He will be working with general and mechanical contractors, as well as end users such as schools and government sectors with their bids and request for quotes.

Ray is married, with two sons and two grandchildren. Outside of work his hobbies include entertaining as a mobile disc jockey, antique automobiles and his Shepard/Akita mix dog, Athena.

## WELCOMING NEW EMPLOYEES TO THE TEAM

### Adam Fink

Adam grew up working on houses and cars. He started his HVAC career at Johnson Controls doing industrial cooling research. He fell in love with the trade and wanted to learn more about the field. He was hired last July. He is currently working with the add on replacement team.

### Patrick Bradenbaugh

Having grown up in Spring Grove, Patrick gained early experience around his family's contracting business. He also worked as a bartender and as a truck driver.

Patrick is the son-in-law of Tom Carbaugh, a senior HVAC Tech at Gohn & Stambaugh.

He works with Keith Ahrens and Andrew Brown in our Remodeling Division and helps out in Plumbing Service as needed.

Outside of work, he enjoys spending time with his wife, two dogs and his cat.

### **Paul Ramsey**

Paul comes to us from Trucking Logistics. He and his wife Cassidy, have a son and a daughter.

Paul is currently enrolled in the HVAC Program at YTI Career Institute-York, attending evening classes. This training, working knowledge and skills will be used every day in the HVAC Service Division.

### **George Buch**

Before joining us George worked for a small plumbing company. He gained knowledge and a passion for working in this trade. He enjoys the skill, problem-solving and knowledge that is involved in working in this field.

George works in the Plumbing Service Division.

### **Lucas Montoro**

Lucas comes to us from Huntingdon, PA. He graduated from Huntingdon High School where he played basketball and track and field. Lucas works with Nic Miller as a helper on Commercial HVAC Installation jobs.

He enjoys outdoor activities, good food and spending time with friends.

# CONSTRUCTION/REMODELING

## Your One-Stop Shop for Home Remodeling

When it's time to update your home, working with one trusted remodeling company makes the process simple and stress-free. As a one-stop shop home remodeling company, we handle your project from start to finish, delivering quality craftsmanship and dependable service every step of the way.

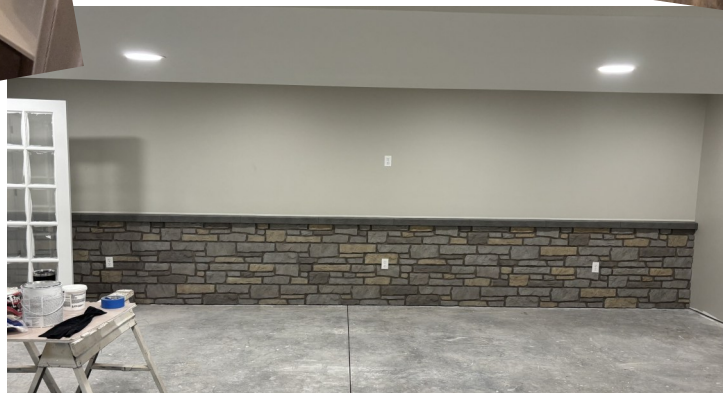

We specialize in a wide range of remodeling services, including bathroom remodels, kitchen cabinets, family rooms, basement remodels, porches, ceilings, and flooring. Whether you're refreshing a single space or upgrading multiple areas, our team has the experience to bring your vision to life.

We focus on clear communication, attention to detail, and durable results built to last. Our goal is to create spaces that improve comfort, functionality, and the overall value of your home.

From planning to completion, you can count on us for a smooth remodeling experience and results you'll be proud of.

We take pride in our attention to detail and commitment to quality. Every project is handled by skilled professionals who care about doing the job right the first time. We use proven building techniques, dependable materials, and clear workmanship standards to ensure long-lasting results.

No matter the size of your remodeling project, our team is ready to bring your vision to life. As your trusted one-stop shop home remodeling company, we're here to help you enhance comfort, increase value, and fall in love with your home all over again.

# ELECTRICAL SERVICES

## Reliable Electrical Services for Homes and Businesses

When it comes to electrical work and safety, reliability and experience matter. Our company offers complete electrical services designed to keep your home or business powered efficiently and up to code, from small upgrades to major electrical installations.

We specialize in panel upgrades and new main services, ensuring your electrical system can safely handle today's power demands. Whether you're remodeling, adding new equipment, or experiencing breaker issues, we provide professional installations built for long-term performance.

Our team also handles a wide range of residential electrical services, including new outlets and switches, ceiling fan installations, and bathroom fan-light combinations for improved comfort and ventilation. We improve functionality while enhancing the look and convenience of your spaces.

For lighting, we offer low-voltage and LED lighting solutions that boost efficiency and reduce energy costs. From interior lighting upgrades to commercial parking lot lighting, we design and install systems that provide visibility, safety, and reliability day and night.

For added protection and peace of mind, we install whole-house generators to keep your property powered during outages. With a standby generator in place, you can stay comfortable and operational when the power goes out.

## DUCTLESS ADVANTAGE

All Daikin ductless heat pumps consist of an indoor unit, which is either wall-mounted, floor-mounted, or concealed, paired with a quiet and compact outdoor unit.

Daikin's single-room heat pumps are energy efficient and ideal for heating a small space. They are small and unobtrusive in your home.

## WHY CHOOSE DAIKIN?

- Advanced Technology
- Energy Efficient
- Reliability

**R-32** is a non-proprietary commodity used in **over 130 countries** by over **50 OEMs** & installed in **230+ million systems worldwide.**

- ▶ **Difficult to Ignite** – R-32 refrigerant requires approximately 100x more energy to ignite than the propane commonly used in household appliances.
- ▶ **Easy to Install** – Improved efficiency and capacity can allow for lighter-weight units in certain applications, making them easier to install.
- ▶ **More Efficient** – 12% more efficient than R-410A.
- ▶ **Proven Refrigerant** – R-32 has a global installed base of over 280 million units in over 120 countries.
- ▶ **Single-Component** – Makes it easier to clean, reuse, recover and reclaim than blends.

*Daikin is a global leader for indoor comfort, with millions of systems installed throughout the world. Their products have been engineered to provide years of consistent indoor comfort, delivering you and your family premium comfort for life.*
