C Mobile performance

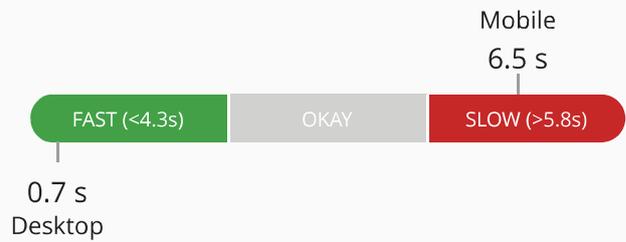

B Desktop performance

Overall performance of your website

Page speed

How long it takes your page to load.

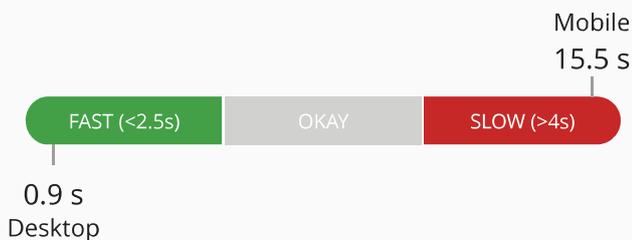

Core web vitals

Core web vitals provide key indicators that measure your website's performance and user experience. Google Search refers to these when evaluating page experience, so it's important they're monitored and actioned upon.

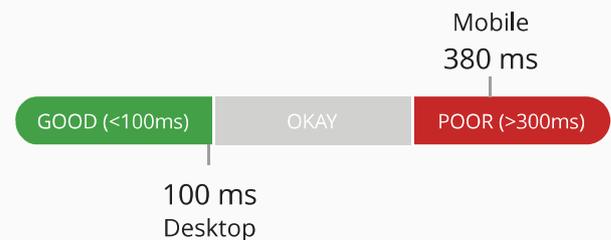

Large content

How long it takes for the largest element within view to load.

Interactivity

How long it takes your site to respond after a user clicks on something.

Visual stability

Measures unexpected shifts in your website layout, usually due to elements loading out of sync.

Ecommerce

Checklist

Online storefront

Online sales of products and services are up 110% year over year

Online payments

As online transactions have increased by 140%, you'll want to make sure customers can pay you online

Lead engagement

Engaging customers with relevant content can move them down the sales funnel

Online scheduler

Bring in more customer bookings in less time by automating your meeting and appointment scheduling

Paid search traffic performance

Promote your business where people are looking

We couldn't find any ads for your business. Digital advertising puts your business in front of your target audience on search engines, social media, and other relevant sites across the web. Ask us how!

Retargeting

Start taking advantage of retargeting ads!

When visitors leave your website, they're likely still interested; they're just not ready to buy yet. You need to stay top-of-mind until they are. Let us show you how to continue promoting your business to interested prospects on relevant sites around the web!

D SEO

C Local search results

Dominate your local market

73% of consumers lose trust in a business with inaccurate listings and 88% of consumers look to online reviews when making buying decisions. **Stop losing customers** to your competitors and **start winning them back**. Fix your listings, improve your review scores, and hear what people are saying about you—all from one dashboard.
