

1. Armaturet skal installeres af en kvalificeret elektriker og tilsluttes i overensstemmelse med de nyeste IEEE-elektriske forskrifter eller de nationale krav.

2. Der medfølger ingen vandtæt boks; installationen bør foretages efter rådgivning fra en kvalificeret fagperson.

3. Hvis lampens eksterne kabel er beskadiget, skal du kontakte leverandøren eller en fagperson for udskiftning.

4. Tænd ikke for strømmen før installationen er fuldført.

1. The luminaire must be installed by a qualified electrician and connected in accordance with the latest IEEE electrical regulations or national requirements.

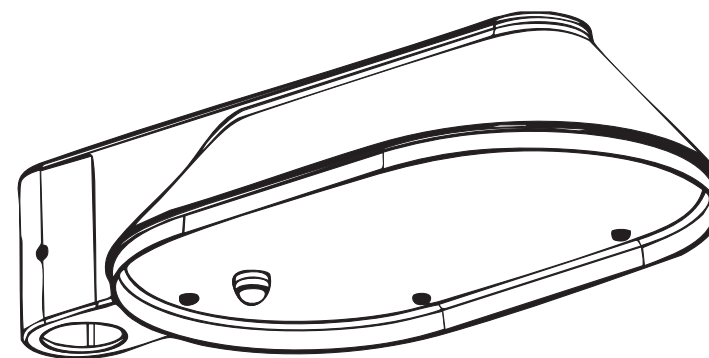

2. No waterproof box is supplied; installation should be carried out following advice from a qualified professional.

3. If the external cable of the lamp is damaged, please contact the supplier or a professional for replacement.

4. Do not switch on the power before the installation is complete.
