MAXI

VIGTIGT / IMPORTANT

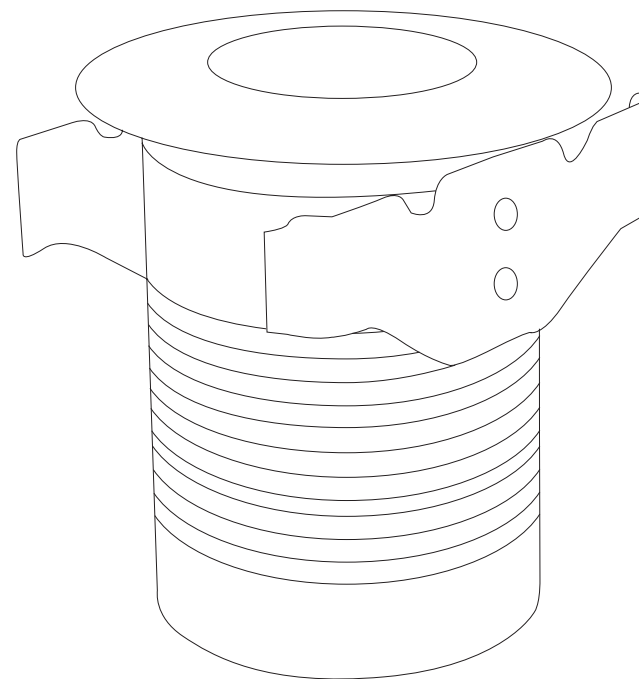

ATTENTION!

1. Sluk for strømmen ved hovedafbryderen, før installation eller udskiftning af lampe påbegyndes.
2. Tilslut til en 24V forsyning i overensstemmelse med IEE-reglerne.
3. Sørg for, at alle forbindelser er stramme uden løse ledninger.
4. Sørg for, at brandreglerne ikke overtrædes ved montering af dine lamper.

1. Switch off the power at the main switch before commencing installation or lamp replacement.
2. Connect to a 24V supply in accordance with IEE regulations.
3. Ensure all connections are secure with no loose wires.
4. Ensure that fire regulations are not breached when installing your lights.
