

THE ACADEMY AT **ELDORADO**

The Academy at Eldorado is a year-round program for juniors ages 7-14 that focuses on their full game development. The Academy focuses on everything from fundamentals to short game to full swing as well as playing the course often. The Academy is divided into two groups depending on the junior's age and skill level and meets for 90 minutes two times a week. Each group will have an 8:1 student to teacher ratio. The structure of The Academy allows juniors to meet other golfers their age and compete with each other in golf-related games and matches. Juniors who participate in The Academy will also have the opportunity to participate in PGA Junior League.
