LOOKING AHEAD

“HERstory” has its eyes on us, and we are not afraid, we are bold. The development of a new campus solidifies YWCA Hamilton’s commitment to addressing our community’s needs now and into the future. More permanent supportive housing for those who are homeless, more domestic violence shelter units for those who are escaping, more youth empowerment to build a future generation of strong leaders advocating for a world without violence, more advocacy at the intersection of gender and race equity. We will get up and do the work, until the world sees women and girls the way we do. We pledge, fully aware that the struggle to eliminate racism will not end with a mere pledge but calls for an ongoing transformation within ourselves, and the institutions and structures of our society, to work until justice **JUST IS.**

We are on a mission...join us.
