Disbursements

Disbursements are items arranged for and possibly paid for on your behalf by us. You are expected to pay for these items at the time the contract is entered into. The following are some items that are often identified as disbursements;

Coroner's fee – this is a fee charged by the coroner for issuing a certificate that allows cremation to take place or transfer of remains out of the province. The \$75.00 fee is set by the Chief Coroner for Ontario.

Newspaper notices – this is the charge for death notices placed in newspapers or other media outlets. The cost is based on the newspaper's lineage rate, and is paid to the newspaper.

Municipal death registration fee – this is a fee charged by the local municipality to register the death. The fee is set by the municipality and may vary; the closest current rate is \$30.00

Cemetery Fees – this is a licensed service which cannot be provided by a funeral establishment. Cemetery fees cannot be prepaid with Eternal Care Ltd. At the time of need, however, we would be pleased to disburse the fee for opening and closing of a grave.

Crematorium Fees – Eternal Care Ltd. works with crematoriums in the immediate area, and they vary in price.

Church or Service Hall Rental Fees - The place where the funeral service takes place may charge a rental fee, or be waived in the event the deceased was a member of the establishment. Availability and prices will vary.

Clergy/Musician/Soloist Honorariums - Honorariums may vary between individuals. Typical honorariums fall between \$250-\$400.

Example of Eternal Care Ltd. Disbursements;

- Cremation at Cataraqui Cemetery + BAO consumer protection fee; \$702.35
- Coroner's Fee \$75.00
- Municipal Registration Fee \$30.00

Total Disbursements = \$807.35

Alkaline hydrolysis is available as an alternative cremation choice. Please ask your funeral director for more information regarding process and pricing.

Payment Policy

Pre-arranged Services:

You may pre-arrange your wishes at no charge and your instructions will be maintained on file until the time of need. At that time, a contract is prepared based on rates in effect at the time of your death and which requires approval by your legal representative before any services may be provided. Payment in advance of the provision of services and supplies is an available option with the growth on the invested funds utilized to compensate for inflation.

Trust: You may pay the money directly to us and we will place it in trust, where it will accrue interest until the contract is fulfilled (when the services and supplies are delivered) or the contract is canceled.

At Time of Need:

The legal representative of the deceased must enter into a Funeral Establishment contract. Payment is due at the time our services are rendered by cash or cheque. Should the purchaser not be in a position to satisfy the account at the time the services are rendered, a deposit of a sufficient amount to cover the total of disbursement items, taxes and 10% of the services and supplies will be required. The balance must be paid no later than 30 days from the date of the service. Overdue accounts are subject to interest charges at a rate of 1.5% per month (19.56% per annum) retroactive to the date of the service.

Additional information is available upon request

Possession of Cremated Remains and Refundable Deposit:

Eternal Care Ltd. can provide storage of the cremated remains of the recipient at the request of the executor. The cremated remains may be stored for one year from the date of cremation. If the cremated remains are not claimed within one year, Eternal Care Ltd. may inter the cremated remains in a cemetery, including in a common lot for which the cemetery is the interment rights holder.
