**Old Eden Road
14 Acre Heavy Industrial Parcel
Property Data Sheet**

Parcel Size: 14 Acres.

Zoning: Wicomico County I-2 Heavy Industrial. See the allowable uses table in the property website's "Documents" section.

Legal Identification: District - 16 Account Identifier - 043834. Wicomico County Map 57 Grid 18 Parcel 122.

Survey: There is a survey of the property attached in the "Documents" section of the website.

Electrical Utility Connection: Single Phase - 200 AMP service available from Old Eden Road.

Regarding Septic Permitting: A soil profile study was done in 1998 and is attached in the Documents section. The study identifies some areas that might be permitted for septic use, but this was not followed up on at that time, so a new septic survey would have to be performed to determine if a septic site can be approved on the site.

Due Diligence Timelines: Regarding solar use, or other uses with long due diligence periods, the Sellers are amenable to a 30 to 60-day due diligence period by a Buyer, but no longer than that. The per-acre price is set at a very reasonable level to effect a timely disposition of the property. The property is perfect for heavy industrial users needing appropriately zoned land for manufacturing or lot storage. If the intent is to build facilities that require septic fields for employee bathrooms on site, that will be at the Buyer's risk regarding permitting.
