A Journey in Love

Year 5

Parent's Booklet

We praise and thank you, Lord, for gifts of life and love. Help us to use these wisely as we continue to journey in love.

What is it?

RSHE (Relationships Sex and Health Education) developmental programme from Reception to Year 6. The authors have collaborated with teachers and advisors over several years to produce this programme for primary schools on sex and relationship education. It is intended that it will support teachers and parents in Catholic schools to enable the holistic growth of children.

When will my child complete their "A Journey in Love" work each year?

 At key points throughout the academic year. (The long-term plan for PSHE and RSHE clearly shows when each element should be taught in each year group and is available on the school website).

What will each lesson look like?

 Each lesson will focus heavily on discussion with key questions to consider. Children will discuss and share their ideas. The class teacher will lead the session and ensure any misconceptions are addressed. As the Catholic ethos underpins the learning, each session ends with a reflection and prayer.

How is the holistic programme structured?

Each year the same structure will take place:

Social & Emotional - Physical - Spiritual

When we go through these differences it is not always easy when our friends are not going through these at the same time. It is also important to recognise that each person's body helongs to

Physical Focus: Children will show knowledge and understanding of
the physical changes in puberty. Children will
consider:
How do we recognise the emotional, internal and
external changes that happen during puberty?
Why do we think we might need to change our
hygiene routines during the time of puberty; why is
it important to keep clean and maintain a good
personal hygiene?
How do we know what physical contact is
inappropriate or unsafe? Can this be extended to
other forms of contact and what might these be?
As we grow and change, how do we recognise the
God of love who journeys with us?
Spiritual Focus: Children will celebrate the joy of growing physically
and spiritually. Pope Francis teaches that God sees with his heart not his eyes, we are called to do the
same. We are all special people made in the image
and likeness of God. We should respect our bodies,

A Reflection

For each of us, life is like a journey.

Birth is the beginning of this journey,

And death is not the end; but the destination

It is a journey that takes us

from youth to age,

from innocence to awareness,

from ignorance to knowledge, from foolishness to wisdom from weakness to strength and often back again, from offence to forgiveness, from pain to compassion, from fear to faith

from defeat to victory and from victory to defeat,
Until, looking backward or ahead,

we see that victory does not lie at some high point along the way,
but in having made the journey, stage by stage.
