Dear Families,

The Office of Marriage, Family & Life is excited to share an upcoming opportunity for students in our Catholic schools. As part of our mission to strengthen family life and support the “domestic church,” students, grade three through high school seniors, will soon be invited to take a brief survey during school hours.

This survey will help the Diocese better understand how we can accompany families in deepening faith, prayer, and opportunities for service in both home and parish life. Your child’s input will provide valuable insight into how we can serve families more effectively throughout the Diocese.

About the survey:

- **Purpose:** To help identify the real needs and strengths of families so that we can develop practical ways to support them.
- **Format:** A short and age-appropriate Google Form completed during class time.
- **Anonymity:** Responses will remain anonymous. Students will only indicate their grade level and school. (High school students may *optionally* provide an email address if they would like to receive follow-up information or resources.)
- **Parent survey:** A separate survey for parents will be available at a later date.

Participation is voluntary, and families may choose to decline their child’s participation if they wish. Details about how to opt out will be provided by your school.

By listening to the experiences of our young people, we hope to learn how our parishes and schools can better nurture faith and service in family life. Thank you for your support as we work together to strengthen the domestic church—the family—as the heart of our Catholic community.

In addition to the student survey, you will also be invited to participate in the **parents and adult parishioners** companion survey. This survey is designed to help us better understand the needs, hopes, and challenges adults and families are experiencing today. Your honest feedback will guide our efforts as we develop resources, programs, and parish support that strengthen the *domestic church*, your home.

This survey will also be **anonymous**, and you will only be contacted if you request additional information and choose to share your name or email address. By sharing your perspective, you help us understand how our parishes and schools can more effectively support faith, prayer, communication, and family life.

When the survey becomes available, we encourage you to take a few minutes to complete it. Your voice is vital, and we are grateful for your willingness to help us accompany families across our Diocese.

If you would like to talk about any of your responses or receive additional support, please reach out to your pastor, parish office, school principal, or to me directly at mknies@evdio.org. We are here to support you in your relationship with God and in your vocation as a family of faith.

God Bless,

Megan Knies
