RESET, RENEW & RESTORE 2021

A YEAR OF RESET AND NEW CREATION FROM POLARITY INTO ONENESS.

Much Love Everyone.... Welcome and thank you for attending the Heart of Oneness Holistic Expo in Edison NJ at the Convention & Exposition Center. We anticipate a joyous and momentous weekend of Self-Discovery, Awakening and Transformation for all. Events like these are a collective intention that have been held within the hearts of everyone here today long before we walked together through these doors in physical embodiment and WE have the power to change the world.

May each one of you greet one another with kindness, peace and a deeper understanding of yourselves as you engage in harmonious and collaborative moments getting to know one another in ways never before experienced within this container of LOVE.

It is within a full embodied heart of gratitude and appreciation that we say WELCOME.

Our desire is that you leave filled with more peace, joy and tenderness for this ever-evolving, quantum shifting human experience and rise to your next greatest soul expression.

In exquisite love, *Matt & K. Ay. Nea*

CONNECTING HEARTS & COMMUNITY

Every day all around the world people come together in different ways to celebrate and unify within a space that supports growth and opportunity for everyone. We believe in the power of community & the shifts that occur when hearts open within a space of unconditional love and expansion into something far greater than ourselves. Our focus and commitment is bringing lives together so that transformation can occur within the hearts of all. We welcome and thank you for co-creating this new paradigm of existence.

YOUR PURPOSE IS OUR PASSION

There is a vast and wide universe of potential that exists within each and every single one of us just waiting to be birthed. How exciting it is when we recognize the coming together of events and happenings that support & validate synchronicity and the alignment of your true essence and soul calling. Our passion is supporting your purpose by connecting you with practitioners who are indeed living and sharing their own truest expression and gifts. We truly invite you to connect soul to soul and heart to heart with one another as the key to unlocking your purpose always begins with a willing heart. May your health and wellness grow and expand in new & exciting ways that support your next greatest expression.

WELCOME TO HEART OF ONENESS

**Katherine of Light –
Light Language Activation. Sat, 4:30-6:00PM**

Light Language is a universal multidimensional system of communication. Unlike the linear language we speak for a brain to brain connection or use of logic or intellect, Light Language speaks to the "knowing from the Heart" or Soul. It is a deeply layered alchemical communication of information that is truly beyond words. It may sound familiar and very loving to you because it is a memory deep within your Heart. Each of us is fluent in this language on a subconscious level because it is the language of the soul and spirit. **Tickets: \$44.00pp, Saturday. See Workshop Info Center for Details**

Tom Ennis was a beloved teacher and friend in the crystal world. Over the years, he was so kind and generous to both Matt and I. We shared many laughs in his shop and he always innately knew which crystals served me best. Today, we miss his sweet presence, but we trust and know that his essence of being is very much still with us.

We thank and honor him for living his purpose fully and for being of service to so many over the years. Fly high sweet prince. until we meet again!

Mike Snyder: Intuitive Musical Healer, Clairvoyant & Usui Reiki Master.

Mike uses sounds to heal and provide relaxation for the body. For the past 13 years he has been a powerful force in the spiritual community offering meditation and healing music all throughout NJ, PA and NY areas. At the Expo Mike will be accompanying Brigitte Boyea as she channels St. Germain with soothing tones and melodies that overlight the experience with relaxing and transformative healing vibrational frequencies. These powerful sounds assist in opening up the gateways to higher states of consciousness.

Bliss
By eliot

*May many Blessings befall you, Things such as
this
Speak your heart, and your mind. For with calm-
ness, comes Bliss*

*So drop now, all old ways of being. For now you
know, they can no longer be.
Let out your light. Embrace your own simple
divinity*

*So stand up for the self, and to the self be true
In any conversation, or act it is, that you do.*

*For is it not within, that one truly finds ones core
And as this occurs, brighter still it grows, ever
so, more and more.*

*And is not all of life a wonder?
The connected beauty of it all.
The movement now being more rapid, it is to be*

*respondent to one's own inner call.
For if but the faintest of light,
should be cast into the darkest of room,
More vast becomes ones sight, you see? The
world then, so much more illumined.*

*So, it is to look within, one's own silence.
And listen in the stillness, that can be seen.*

And FEEL with your knowing

That we each play parts

In the Grandness of God's Great Dream.

*And in each day that passes, in each moment
that unfurls,
It is to be fully who you are,
for truly, that IS your gift, unto the world*
