

How to specify the Frame & Mullions (F&M) Surface Mounted Low Profile Cable Molding:

Acceptable Manufacturers: Frame & Mullions LLC (F&M) POC is Howard Wright / 804-651-7355 / Howard.Wright@whwmktg.com.

Product Description:

Surface mounted low-profile molding which consists of

- 2" wide x 3" long x 5/8" high mill finished extruded aluminum base blocks spaced adequately to provide two distinct wiring pathways and mounting locations for the snap-on molding cover (CM-1)
- 2" wide x 100" long x 5/8" mill finished aluminum cover sections that snap onto the base blocks and are removed by use of a special tool (CM-2)
- Mill finished end caps (CM-3)
- Special cover-removal tool (CMRT)
- Using the correct screws, tightened, each base block allows for a minimal amount of movement side to side which allows for the cover section to pop onto the base blocks and removed again when the need arises.

How to specify:

Single Doors (up to 3'6" x 7'0", with frame face of 2" wide to 2 1/2" wide)
1 each Low-Profile Molding Package F&M-SMLP-CM-PK-SNGL

Pair of Doors (up to 4'0" x 7'0", with frame face of 2" wide to 2 1/2" wide)
1 each Low-Profile Molding Package F&M-SMLP-CM-PK-PR

Wall Mounted

Qty as Needed 100" Molding Cover Section F&M-CM-1

Qty as Needed Base Block F&M-CM-2

Qty as Needed End Cap F&M-CM-3

Qty as Needed Screw Pack F&M-CMBB-SCRPK

Qty as Needed Cover Removal Tool F&M-CMRT
