How Voting Scores Are Calculated

All voting scores are calculated using this formula:

- Each vote for a bill that VCDL "Strongly Supports" adds 2 to the pro-rights score
- Each vote for a bill that VCDL "Supports" adds 1 to the pro-rights score
- Each vote for a bill that VCDL "Strongly Opposes" adds 2 to the anti-rights score
- Each vote for a bill that VCDL "Opposes" adds 1 to the anti-rights score
- Votes on bills where VCDL is neutral are not counted

Each gun bill that is introduced is scored as a vote for the patron of the bill, accordingly, if the bill is not withdrawn before its first vote.

Each gun bill that is introduced on VCDL's behalf is scored as another positive vote, accordingly, for the bills' patron if the bill is not withdrawn before its first vote.

Each bill in the House that is "Pocket Vetoed" and is not assigned to a committee is scored accordingly, but reversed, for the Speaker of the House. For example, pocket vetoing a "Strongly Supports" bill will add 2 to the Speaker's anti-rights score, while pocket vetoing a "Strongly Opposes" bill will add 2 to the Speaker's pro-rights score.

Each bill in the House that is "Pocket Vetoed" and is assigned to a committee is scored accordingly, but reversed, for the Committee Chair(s) and the Speaker of the House. For example, pocket vetoing a "Strongly Supports" bill will add 2 to the anti-rights score of the Committee Chair(s) and the Speaker, while pocket vetoing a "Strongly Opposes" bill will add 2 to the pro-rights score of the Committee Chair(s) and the Speaker.

Each pro-rights bill in the House that gets an up or down Floor vote is scored accordingly and as a positive for the Speaker.

Each anti-rights bill in the House that does not get an up or down Floor vote is scored accordingly as a positive for the Speaker.

Each pro-rights bill in the House that does not get an up or down Floor vote is scored accordingly as a negative for the Speaker.

Each anti-rights bill in the House that gets an up or down Floor vote is scored accordingly as a negative for the Speaker.

If a pro-rights bill is modified in a negative manner by the Governor and those modifications are ruled "non-germain" by the Speaker of the House, that is scored accordingly as a pro-rights vote for the Speaker.

Scoring example: A legislator introduces a "Strongly Support" bill for VCDL, votes for it in subcommittee, full committee, and on the Floor. His score for that bill would be 10: 2 for introducing a pro-rights bill + 2 for introducing a bill on VCDL's behalf + 2 for the subcommittee vote + 2 for the full committee vote + 2 for the Floor vote.

All committee and subcommittee votes are counted, but only the last Floor vote in each chamber is counted.

If two legislators have the same pro-rights percentage, then the legislator with the most pro-rights points determines which legislator has the better voting record. For example, if two legislators have 100% voting records, with one having 38 pro-rights points and the other 10 points, the one with 38 points has the better voting record.

Note: Legislators that are on certain key committees, like the House Public Safety committee, will have many more votes to score than someone who is not on that committee and can only vote on gun bills when they are on the Floor. In fact some legislators may not get to vote on a bill at all if the bill is pocket vetoed or never reaches either a full committee or the Floor.

How to Read the Vote Breakdown For Legislators

Voting records also include the breakdown of all gun-bill votes for each legislator.

Each bill has the bill number, followed by one or more votes with the points for each vote. Positive points are a pro-rights vote and negative points are an anti-rights vote.

If the legislator introduced a pro-rights bill, that is flagged as a “P” (for patron), followed by a colon and the points for introducing that bill.

If the legislator introduced a bill at the request of VCDL, then they get a “P:4” score. “P” for patron and 4 = (2 for introducing a strongly supported bill + 2 for introducing a bill on VCDL’s behalf). (Note that “P” scores can also appear as adjustments to the voting record of the Speaker and the Committee Chair(s) for pocket vetoes and to the voting record of the Speaker for votes getting to the Floor.)

In each chamber the votes on a bill are numbered from 1 to n, from the first vote in a subcommittee or committee to the last vote on the Floor (if the bill gets that far). The votes continue to be counted each time the bill returns to the Floor for either a veto override or for reconciliation of changes made by the other chamber. Votes are shown by a “V” followed by the vote number in parentheses, a colon, and the vote count. The first vote listed could be V(3), for example, if the legislator’s first vote on a bill was on the Floor. **NOTE: Unanimous votes are not counted and are treated as if they never existed.**

Examples:

If a legislator patroned a bill for VCDL and voted for it on the Floor, his breakdown might look like this:

HB999, P:4, V(3): 2

If the legislator voted for a gun bill that was a VCDL “strongly support” in subcommittee, committee, and the Floor, it might look like this:

HB 9998, V(1):2, V(2):2, V(3):2

Each of the above breakdowns is worth 6 pro-rights points.

Gun Bill Summaries

(Blue: Pro-Gun, Red: Anti-gun)

SB 744, Senator Favola, requires a person with a protective order against them or a person with a domestic violence conviction to surrender, sell, or turn their guns over to someone 21-years-old or older and someone who does not live with them. It requires the person to be advised that if a police officer believes they have not turned over all their guns, that the officer can get a search warrant to look for any such guns.

SB 755, Senator Mulchi, removes the requirement that a school security officer must have been an active law-enforcement officer within the previous ten years to be hired by a school. The bill also requires the school security officer be no older than 75.

SB 837, Senator Sturtevant, lowers the age to get a concealed handgun permit from 21 to 18-years-old.

SB 848, Senator Salim, makes it illegal for anyone under 21 to purchase an “assault firearm.” It also redefines the term “assault firearm” to cover more firearms.

SB 849, Senator Diggs, sets 90 days as the maximum number of days that the Virginia State Police can take when processing a non-resident concealed handgun permit. If the permit has not yet been approved after 90 days, then the permit is issued at that point. If the applicant is later found to be disqualified, the permit is revoked, and the applicant has to return it.

SB 880, Senator Ebbin, bans the carry of 1) a semi-automatic centerfire rifle or pistol that has a fixed magazine that holds more than 10 rounds or 2) a semi-automatic centerfire rifle or pistol that accepts a detachable magazine of any size and has any of a variety of cosmetic features or 3) a semi-automatic shotgun with any of a variety of cosmetic features, on or about a person on a public street, road, alley, sidewalk, public right-of-way, in a park, or in any place open to the public.

SB 881, Senator Ebbin, makes unfinished firearm frames and receivers and unserialized commercially made firearms unlawful to possess, purchase, sell, or transfer unless they are serialized.

SB 883, Senator Perry, makes battery in a “dating relationship” a misdemeanor and takes away the right to purchase, possess, or transport a firearm for three years.

SB 886, Senator Perry, redefines a “trigger activator” as a “conversion kit, tool, accessory, or device” that alters the rate of fire of a semi-automatic firearm to “mimic automatic weapon fire or used to increase the rate of fire to a faster rate than that possible for a person to fire such semi-automatic firearm unassisted...”
The terms in this bill are so vague as to be meaningless.

SB 891, Senator Salim, requires that a person must wait five days before a purchased or rented firearm can be transferred to them.

SB 938, Senator Diggs, raises the mandatory minimum sentence for a repeat violent predator who uses a firearm in commission of a violent crime from 5 years to 10 years.

SB 994, Senator Williams Graves, expands the prohibition on the carry of firearms from 40 feet to 150 feet outside of a polling place.

SB 1025, Senator Diggs, exempts highway rest areas from the state agency gun ban.

SB 1027, Senator Diggs, raises the mandatory minimum sentence for a repeat violent predator who uses a firearm in commission of a violent crime from 5 years to 10 years.

SB 1109, Senator Carroll Foy, requires a person to have a permit to purchase a firearm, which is good for 5 years. To qualify for a permit, the applicant must have had firearms training or show firearms competence within the last 2 years. Persons under 21-years-old cannot apply for a permit and are thus prohibited from buying firearms. The applicant is required to answer substantially the same question as they will have to answer when purchasing a firearm and they will also have to submit to being fingerprinted. This bill adds new disqualifications for purchasing and possessing a firearm. A person who is “lacking in essential character or temperament necessary to be entrusted with a firearm” can be denied a permit.

SB 1110, Senator Williams Graves, prohibits firearms in facilities that provide mental health services or developmental services, including hospitals, emergency departments, or emergency medical care facilities, if they offer such services.

SB 1134, Senator Boysco, requires all firearms in a home, that are not being carried on or about a person, to be unloaded and placed in a locked container if there is a minor in the home or if there is a prohibited person in the home. A gun may only be stored loaded if it is in a biometric safe. Gun dealers must post signage about the law and there is also a provision to educate the public on firearm storage.

SB 1181, Senator Deeds, prohibits the sale, possession, transfer, and transport of an “assault firearm” made on or after July 1, 2025. It also prohibits sale, possession, transfer, and transport of an “assault firearm” to anyone under the age of 21. Magazines that hold more than 10 rounds and were made on or after July 1, 2025, are prohibited.

SB 1182, Senator Deeds, restricts firearms at public institutions of higher education by requiring such firearms be part of an authorized program or activity inside a building.

SB 1220, Senator DeSteph, makes it illegal to carry pistol, revolver, or other weapon powered by compressed air, even with a concealed handgun permit.

SB 1329, Senator Marsden, requires that a person who does not have a concealed handgun permit and has a handgun in their motor vehicle, keep the handgun out in plain view.

SB 1389, Senator Srinivasan, adds gun safes sold by commercial retailers as eligible for an existing tax credit. Currently only gun safes sold by federal firearms licensees are eligible.

SB 1450, Senator Ebbin, allows one of the most highly regulated industries, the firearms industry, to be sued civilly for a variety of already illegal actions. It also holds the manufacturers and sellers of even the most benign of firearm accessories, like a butt stock or a gun case, liable to a civil lawsuit if it doesn’t “properly” protect that item from theft or misuse by a criminal.

HB 1559, Delegate Williams, clarifies that a person who is renewing a concealed handgun permit does not have to provide any proof of training or demonstration of competence.

HB 1569, Delegate Wiley, lowers the maximum concealed handgun permit fee from \$50 to \$25, by lowering the maximum local law-enforcement can charge for the background check from \$35 to \$10.

HB 1581, Delegate Ballard, adds gun safes sold by commercial retailers as eligible for an existing tax credit.

HB 1597, Delegate Feggans, requires all firearms in a home, that are not being carried on or about a person, to be unloaded and placed in a locked container if there is a minor in the home or if there is a prohibited person in the home. A gun may only be stored loaded if it is in a biometric safe. Guns left in a vehicle must be secured in a locked box or container that is not visible from outside the vehicle, must be affixed to the vehicle, and the vehicle must be locked, too. Glove boxes and consoles cannot be used unless specifically designed for gun storage. Gun dealers must post signage about the law and there is also a provision to educate the public on firearm storage.

HB 1607, Delegate Helmer, prohibits the sale, possession, transfer, and transport of an “assault firearm” made on or after July 1, 2025. It also prohibits sale, possession, transfer, and transport of an “assault firearm” to anyone under the age of 21. Magazines that hold more than 10 rounds and were made on or after July 1, 2025, are prohibited.

HB 1608, Delegate Helmer, allows one of the most highly regulated industries, the firearms industry, to be sued civilly for a variety of already illegal actions. It also holds the manufacturers and sellers of even the most benign of firearm accessories, like a butt stock or a gun case, liable to a civil lawsuit if it doesn’t “properly” protect that item from theft or misuse by a criminal.

HB 1622, Delegate Laufer, creates a \$500 civil penalty and subjects a vehicle to towing if a person leaves a visible handgun in an unattended vehicle.

HB 1660, Delegate Jones, redefines a “trigger activator” as a “conversion kit, tool, accessory, or device” that alters the rate of fire of a semi-automatic firearm to “mimic automatic weapon fire or used to increase the rate of fire to a faster rate than that possible for a person to fire such semi-automatic firearm unassisted...”

HB 1736, Delegate Price, creates a state agency named the Virginia Center for Firearm Violence and Prevention. The agency would only be targeting violence committed using firearms and ignoring the root causes of crime, as well as all the other ways violence is inflicted on victims – knives, blunt objects, hands and feet, etc.

HB 1797, Delegate Helmer, severely restricts concealed handgun permit recognition with other states. Currently, Virginia honors permits from all other states, which, in turn, allows Virginians to be able to carry in most of those states.

HB 1869, Delegate McClure, makes battery in a “dating relationship” a misdemeanor and takes away the right to purchase, possess, or transport a firearm for three years.

HB 1876, Delegate Callsen, restricts firearms at public institutions of higher education by requiring such firearms be part of an authorized program or activity inside a building.

HB 1938, Delegate Reid, expands the prohibition on the carry of firearms from 40 feet to 150 feet outside of a polling place.

HB 1960, Delegate Bennett-Parker, requires a person with a protective order against them or a person with a domestic violence conviction to surrender, sell, or turn their guns over to someone 21-years-old or older and someone who does not live with them. It requires the person to be advised that if a police officer believes they have not turned over all their guns, that the officer can get a search warrant to look for any such guns.

HB 1977, Delegate Hernandez, prohibits firearms in facilities that provide mental health services or developmental services, including hospitals, emergency departments, or emergency medical care facilities, if they offer such services.

HB 2015, Delegate Obenshain, raises the mandatory minimum sentence for a repeat violent predator who uses a firearm in commission of a violent crime from 5 years to 10 years.

HB 2064, Delegate McClure, requires gun dealers to provide a handgun locking-device for handgun sales, along with a warning message in the box.

HB 2073, Delegate Garrett, prohibits financial institutions from discriminating against lawful gun owners, gun manufacturers, and gun dealers.

HB 2145, Delegate Zehr, removes the antiquated requirement that a person who has a new or duplicate driver’s license cannot use that driver’s license as identification for the purchase of a firearm until at least 30 days have passed since the license was issued.

HB 2202, Delegate Freitas, allows someone without a concealed handgun permit, but who would qualify for one, to carry a concealed handgun anywhere they could lawfully open carry a handgun.

HB 2241, Delegate Tran, prohibits a person convicted of a misdemeanor hate crime from being able to have firearms.

HB 2257, Delegate Kent, removes the requirement that a school security officer must have been an active law-enforcement officer within the previous ten years to be hired by a school. The bill also requires the school security officer be no older than 75.

HB 2412, Delegate Griffin, exempts highway rest areas and ABC stores from the state agency gun ban.

HB 2414, Delegate Oates, allows concealed handgun permit training to be conducted in a live class using technologies like Zoom.

HB 2586, Delegate Cordoza, registers concealed handgun permit applicants as voters unless the applicant is not a U.S. citizen, or the applicant declines to be registered. Applicants will also be offered a separate application to be put on the permanent absentee voter list.

HB 2595, Delegate Singh, adds gun safes sold by commercial retailers as eligible for an existing tax credit. Currently only gun safes sold by federal firearms licensees are eligible.

HB 2631, Delegate Hayes, requires that a person must wait five days before a purchased or rented firearm can be transferred to them.

HB 2767, Delegate Obenshain, adds U.S. Lawshield to national gun training organizations that can offer concealed handgun permit training. It also allows the Virginia State Police to have an updated list on its website of other organizations that can offer such training.
