The President's Message

Greetings,

On behalf of the Gallia County Agricultural Society, it is my honor to invite you to join us at the 77th Annual Gallia County Junior Fair. Our fair brings together youth organizations from our entire community and showcases their efforts that they have poured into their Agricultural projects as well as other 4H, FFA, Girl Scouts, and Boy Scouts undertakings! Being a junior fair our main focus is to celebrate youth and all of their accomplishments!

Beyond the traditional youth events we showcase activities and performances for each and every member of the community. We will crown a new Miss Gallia County and her court. Our stage will be alive with music from different genres. Once again our track will host truck and tractor pulls and the ever popular demolition derby. The show arena will showcase all species of livestock and their showmen and show women from peewees to high schoolers. As always there will be carnival rides and fair foods you've been waiting all year to taste once again all across the midway.

I am excited to remind everyone that our new fairgrounds construction is well underway. Many of the main buildings are nearing completion, and we will soon be able to make our move to our long awaited new home. This move will solidify our continued presence in the community for generations to come!

Many of us can remember our earliest trips to the county fair and all the excitement and celebration that we experienced. I know my experiences in FFA and Boy Scouts and Fair projects helped lay the groundwork for me in my life. Now I enjoy working with the other members of our great fair board to help continue the Fair for all our community to enjoy!

Sincerely,
Brian Hendrickson, President
Gallia County Agricultural Society

4-H Club Work

What is 4-H?

4-H is a community of young people across America who are learning leadership, citizenship, and life skills as they work in partnership with caring adults. In 4-H we are committed to helping young people develop skills that will help them succeed. We want to empower all youth to reach their full potential. In 4-H, youth learn by doing projects that are designed to fit their needs at different ages. Through a variety of projects – from food and forestry to rockets and rabbits – 4-H gives children and teens opportunities to learn life skills, to practice them, and become confident in their ability to use them in the future. 4-H teaches young people how to meet their needs for belonging, mastery, independence, and generosity in positive ways.

Ohio 4-H works with young people in a variety of settings including schools, day camps, overnight camps, afterschool care, clubs, and other learning environments. In 4-H, learning takes place when you experience, share, process, generalize, and apply a particular practice, idea, or piece of information. 4-H Youth Development is part of Ohio State University Extension. OSU Extension research shows that Ohio youth credit their 4-H clubs with making them better citizens, leaders, and communicators. 4-H youth are competent, confident, caring and connected, and they exhibit strong character. Ohio 4-H'ers contribute more to their families and communities, achieve higher grades in school and are more likely to go to college than youth who are not in 4-H, or even youth who participate in other out-of-school programs. In addition, youth involved in 4-H lead healthier, more productive lives, and are less likely to participate in risky behavior.

To learn more about 4-H, and how to join, please contact the Gallia County Extension Office at 740-446-7007, we have a 4-H club waiting for you!

The National FFA Organization

The National FFA Organization is the national organization of, by and for boys and girls studying vocational agriculture in public secondary schools under the provisions of the National Education Act.

Agriculture Education taxonomies include: production agriculture, farm management, horticulture, agriculture mechanics, industrial equipment, resource conservation, recreation, forestry, agriculture processing, environmental management, and agriculture business supplies and service.

As an integral part of the program of vocational education in agriculture in public school systems of America, FFA has become well known in recent years. No national student organization enjoys greater freedom of self-government under adult counsel and guidance than FFA.

Organized in November, 1928, it has served to motivate and vitalize the systematic instruction offered to students of vocational agriculture, and to provide further training in agriculture citizenship.

The national emblem of the FFA is significant and meaningful in every detail. Used by members in all recognized units of the organization, it is made up of five symbols: the owl, the plow, and the rising sun within the cross section of an ear of corn, which surmounted by the American Eagle.

Upon the face of the emblem also appear the words: "Agriculture Education," and the letters "FFA." The owl is symbolic of wisdom and knowledge; the plow is symbolic of labor and tillage of the soil; the rising sun is emblematic of progress and the new day that will dawn when all farmers are trained and have learned to cooperate; the cross section of the ear of corn represents common agricultural interests, since corn is native to America and grown in every state; and the eagle is indicative of the National scope of the organization.

At present time, there are over 30,723 members and 341 chapters in the State of Ohio.

FFA's Mission

The National FFA Organization is dedicated to making a positive difference in the lives of young people by developing their potential for premier leadership, personal growth and career success through agricultural education.

FCCLA

Family, Career, and Community Leaders of America

Family, Career, and Community Leaders of America is a dynamic and effective national student organization with nearly 205,000 members that helps young men and women become leaders and addresses important personal, family, work and social issues through family and consumer sciences education.

Chapter projects focus on a variety of youth concerns, including, violence, teen pregnancy, parenting, family relationships, substance abuse, peer pressure, environment, nutrition and fitness, teen violence, and career exploration.

Involvement in FCCLA offers members the opportunity to expand their leadership potential and develop skills for life planning, goal setting, problem solving, decision making and interpersonal communication-all necessary in the home and workplace.

Mission

To promote personal growth and leadership through Family and Consumer Sciences education. Focusing on the multiple roles of family member, wage earner, and community leader, members develop skills for life through:

- * Character Development
- * Creative and Critical Thinking
- * Interpersonal Communication
- * Practical Knowledge
- * Vocational Preparation

The FCCLA organization prepares students to thrive in today's world by emphasizing the need to know how to get along with others, perform well at jobs they enjoy, understand how to balance work and family life, and respond to the needs of their community. A major goal of the organization is to address important issues facing today's teens. Our local chapters recognize members' personal growth through degrees of achievement in local, district, state, and national skill events. Local FCCLA Chapters can form satellite clubs and participate in activity building projects, under the same rules/regulations as 4-H.

SECTION B

1. If sufficient money is not available to pay premiums as listed, the Fair Board reserves the right to pro-rate the premiums according to the money available.
2. Animals must be shown in the ring to be eligible for premiums and awards, or to be eligible to be sold through the auction at the fair.
3. All questions of youth eligibility and project requirements will be referred to the Contest, Premium & Awards Committee with the final decision resting with the Board of Directors of the Gallia County Agricultural Society.
4. Exhibitors who receive special premiums will forfeit their regular grade premiums unless otherwise specified.
5. All champion and reserve champion market beef, swine, lambs, and goat projects must sell in the annual junior fair sale. In the event that an exhibitor has more than two (2) champion or reserve projects, all champion and reserve projects will sell, but the exhibitor will designate on which two (2) he/she will receive above market price. In the event the exhibitor has both Reserve and Champion in the same species, both will still sell but the exhibitor will only receive above market price on the animal he/she designated they wanted to sell. On the other projects, the exhibitor will receive market price and anything above market price will go into a general fund to improve the fair to benefit all exhibitors.
6. The decision of the judge is final.

SECTION C

1. Only one weigh-in will be allowed for each market animal unless the animal does not fall within the specified weight range for that species. In this case, at the exhibitor's request, the animal will be removed from the scale, the scales will be checked for balance, and the animal will be re-weighed immediately. Fair board members are in charge of official weigh-in. The decisions are final.
2. All reasonable precautions will be taken during the fair and all pre-fair required activities to prevent injury or accident to projects displayed but the Society will not be responsible for loss or damage, including death of animal projects.
3. Complaints concerning shows or events will be handled in the following method.
 - A. Complaints will be handled through the individual in charge of the show or event. He or she will clarify rules and arrange for the exhibitors to visit the judge if he/she feels that the request is justified. Such complaints are limited to exhibitors showing in that particular event.
 - B. If the complaint cannot be handled at this level the following steps will be followed:
 1. A protest must be made in writing and signed by the exhibitor or exhibitors making the protest. The protest must be filed immediately after show or within a reasonable time frame as determined by the fairboard.
 2. A \$100.00 fee must accompany the protest. This fee will be retained by the show management. Any additional expense incurred in the investigation of the protest will be the responsibility of the individual filing the protest. The Gallia County Agricultural Society will not pay any cost involved in the protest. The protest will be considered by a committee designated by the Fair Board. This committee will hear from the individuals being protested and any other individuals that the committee feels has pertinent information.
 3. The burden of proof lies upon the exhibitor or exhibitors filing the protest.
 - C. Any protest for the purpose of declaring an animal ineligible for show must be filed with the fair secretary immediately after show or within a reasonable time frame.
 - D. Reasonable time will be determined by the Gallia County Agricultural Society (fairboard).
4. **TAMPERING AND/OR MISREPRESENTATION** as to breeding, age, ownership, and other irregularity in showing will be considered fraud and deception. To maintain a high degree of confidence and integrity in the livestock shows, the agricultural society reserves the right to disqualify any animal fitted in an unethical manner and disqualify the exhibitor and the exhibitor's assistants who fitted the animal involved. Unethical fitting shall include any cutting or tearing of the hide, cutting, or tearing underneath the hide or removal of tissue in any attempt to alter the shape or appearance. It shall also include attempts to disrupt or change normal dental development, dying or coloring hair, lifting, or filing under skin, adding artificial tailheads, switches, polls, hair and heels, use of sting, ice, electrical or mechanical devices, the administration of fluids or air internally or externally in a liquid or gaseous state, or any other device or attempt to change the confirmation and degree of firmness. Calf calm and oils of any kind are strictly prohibited. Transparent grooming materials only may be used. All animals giving evidence of such treatment will be barred from competition at the Gallia County Junior Fair. Should fraud or deception be discovered after the animal or animals have been shown and prior to the sale, such animal(s) shall not be permitted to sell. Should violation be discovered after the sale, all sale money shall be returned to the buyer. All placings in show will stand. NO animals will move up. Any carcass suspected of being tampered with or suspected of containing drugs will be detained until the investigation is complete. IF THE CARCASS IS CONDEMNED at the packing plant for any reason, it shall be grounds for dis-qualification in the on-foot and carcass division of the show. Additionally, all premiums and sale money shall be forfeited, and the loss of the animal be incurred by the exhibitor.
5. The Gallia County Agricultural Society may draw samples to conduct the necessary drug and other residue tests in the top ten places of each of the market animal classes, as well as random sampling due to Quality Assurance guidelines.
6. **Junior Livestock Tampering and/or Misrepresentation "Chapter 901-19"** (Ohio's livestock tampering exhibition rules) will be made available to a livestock exhibitor or adult advisor upon request or available online at <https://codes.ohio.gov/ohio-administrative-code/chapter-901-19>.
7. The Gallia County Junior Fair Market Animal Show (Beef, Lamb, Hog and Goats) is a partial terminal show. Market beef, lambs, hogs and/or goat exhibitors will have the option to send their drop animal (s) to resale or butcher, or to take the animal(s) home. The animal(s) must be signed up for release through the current drop slip system. The animal(s) will be removed on designated nights of the fair after approximately 11:00 PM. If taken home, only the exhibitor or their representative may remove the animal from the fairgrounds. They will need to have the animal signed out by a fairboard member. All champions and reserve champions are prohibited from this exception. Penalty for not abiding by these rules: Exhibitors and their immediate family members may be barred from participating in the Gallia County Junior Fair for the next three years. This rule takes effect when the animal is unloaded from the vehicle it is transported on to the fair. All animals must leave by way of trucking arrangements approved by the Fairboard. All animals, whether it be animals that have gone through the sale ring, a drop animal, or an over or under weight animal must ALL go through these channels. Deadline for designating drop animals is 11:00 AM on Thursday of the fair. If designation slips have not been submitted by the deadline, the fair board will drop the lowest place animal and the dropped animal will go to resale.
8. When satisfactory evidence has been obtained by the Fair Board that any of the livestock rules have been violated, the exhibitor and/or exhibitor's family may be barred from showing in any future agricultural fairs. There may be a disbarment is three (3) years before the right to review. In case any premium shall have been awarded to animals shown in violation of this rule, the Fair Board will require the exhibitor to refund all premiums, trophies, awards, ribbons and sale money under each violation.
9. All exhibitors are responsible for paying for any veterinarian expenses that are required from the official fair veterinarian.
10. When weighing in market animals, a 5-pound allowance will be given for the over and under-weights of all species.
11. DNA must be collected from each tagged animal to verify ownership.

Girl Scouts

Girl Scouting is the world's preeminent organization dedicated solely to girls - all girls - where, in an accepting and nurturing environment, girls build character and skills for success in the real world. In partnership with committed adults, girls develop qualities, like strong values, social conscience and conviction about their own potential and self worth that will serve them all their lives. Girl Scouts mission is to build girls with courage, confidence and character, who make the world a better place.

The strength of the Girl Scout movement rests in the voluntary leadership of its adult members. Adult Girl Scout volunteers contribute special talents and a variety of experiences that enrich the Girl Scout program and the lives of millions of girls. Women and men, single persons, parents, college students, busy executives and professionals, and older adults all participate in the leadership of the organization.

Girls can enter and progress at any of the six age levels, where they find program activities designed to appeal to their interests. Troops are generally organized according to the following program level and school grade breakdown. Girl Scout Daisy (grades Kindergarten and grade 1); Girl Scout Brownie (grades 2 & 3); Girl Scout Junior (grades 4 & 5); Girl Scout Cadette (grades 6, 7, & 8); Girl Scout Senior (grades 9 & 10) and Girl Scout Ambassador (grades 11 & 12). A girl who wants to be a member of Girl Scouting but cannot participate in troop activities may also register individually. The foundation of the Girl Scout program is the Promise and Law.

Girl Scout Promise:

On my honor, I will try:
To serve God and my Country
To help people at all times,
And to live by the Girl Scout Law.

Girl Scout Law:

I will do my best to be
honest & fair,
friendly and helpful, considerate and caring,
courageous and strong, and
responsible for what I say and do, and to
respect myself and others, respect authority
use resources wisely,
make the world a better place, and be a sister to every Girl Scout.
