APPLICATIONS

For devices anywhere

Agriculture
Beet harvesters, combine harvesters and in-field sensors

Mining and construction
Heavy machinery at remote sites

Industry
Pumps, installations and telemetry worldwide

Also in the other 171 countries
Beyond the bundle countries, the SIM card works in 221 countries in total. There we charge the country rate from our price list, available on request. We recommend setting a data limit per SIM card.

All prices in euros, excl. VAT, per SIM card per month. Prices subject to change; errors and omissions excepted.
