THREE SOLUTIONS

Online fast, wherever you are

The right solution depends on mobile coverage at the site and the number of visitors. We advise per location.

GOOD COVERAGE

5G router + Unlimited

From €30 per month for 1 TB. Quick to set up, lots of data, 4G/LTE and 5G as standard.

WEAK OR BUSY NETWORK

Starlink via satellite

From €70 per month. Works almost anywhere with a clear view of the sky.

MUST NEVER STOP

Hybrid: Starlink + 5G

If one connection drops, the other takes over at once.

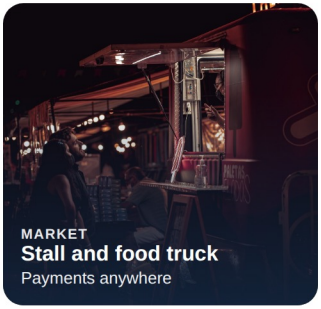

Why card payments often fail at events

Thousands of visitors in one place use the same mast. The mobile network fills up and terminals and tills lose their connection. Starlink does not use a mast. With Starlink and 5G together, the organisation stays online.

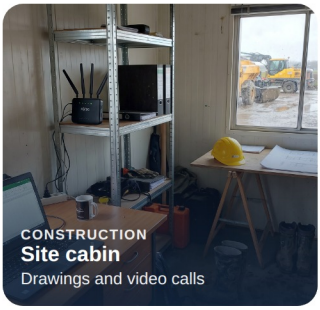

EVENT
Festival and sport
Tills, payments, crew Wi-Fi

MARKET
Stall and food truck
Payments anywhere

RETAIL
Pop-up store
Tills and Wi-Fi

CONSTRUCTION
Site cabin
Drawings and video calls

SEASON
Beach and fair
Just the busy months

BRIDGING
Move or outage
Until the fixed line is in

PRICES

Plan per month, you buy the equipment

Topcom Telecom does not rent out equipment. You buy the router or Starlink and take a monthly plan. The equipment is yours and goes with you to the next event.

HYBRID AND ROUTERS

Starlink plus 5G: internet that keeps going

For events we often advise a router with two connections. If one drops due to crowds or a shower, the other takes over at once.

EVENTS AND CONSTRUCTION

Teltonika RUTM52

On request

buy, delivered configured

- Two 5G modems at once
- Dual SIM and eSIM
- Two networks as backup

COMPACT AND MOBILE

Starlink Mini X

€299

incl. VAT (€247.11 excl.)

- Router Mini with Wi-Fi 6
- 12-48 V DC, also in the food truck
- 1.1 kg

POP-UP AND OFFICE

Teltonika CAP700

On request

buy, delivered configured

- 5G and Wi-Fi 7
- Port for Starlink
- Automatic failover

Specifications according to the manufacturers. Starlink is a trademark of SpaceX; Topcom Telecom is an independent supplier. Only a few hours per site? Ask about SatData: Starlink, 5G and battery in one portable unit, price on request.

How it works

1

Tell us where and when

Site, date, number of tills and visitors.

2

We advise

5G, Starlink or hybrid, with a clear price.

3

You are online

Delivered configured, with the APN details included. Order in time so you can test beforehand.

Request your proposal

Send us the site and date. We check coverage and advise the best solution.
