Michal Szostak - World-Renowned Polish Organist Returns to New Bedford Opening his 2026 North American Tour

NEW BEDFORD, MA – The thunderous applause still echoes from last year's standing ovation. Now, acclaimed Polish organist **Dr. Michal Szostak** returns to St. Anthony of Padua Church for an exclusive concert on **Sunday, May 31, 2026, at 3:00 PM**—the first stop on his highly anticipated 2026 North American tour.

Dr. Szostak holds a Doctor of Musical Arts in Organ Performance and a PhD in Management from Leon Koźmiński University in Warsaw. Dr. Michal Szostak's Virtuoso Performance Captivated Audiences in 2025—Now He's Back by Popular Demand

This recital offers more than world-class music—it's an immersive experience in one of New England's most stunning sacred spaces. St. Anthony's soaring 256-foot spire marks the second-tallest church in New England, while inside, hand-carved angels and 112 stained-glass windows by renowned artist Guido Nincheri create an atmosphere visitors describe as "stepping into heaven itself."

Proceeds from Music at St. Anthony's help fund essential preservation efforts, with this year's focus on restoring the exterior window frames that shield Guido Nincheri's celebrated stained glass windows.

Tickets are \$25 and are available on the website www.musicatsaintanthonys.org or at the door. Or by calling Gisele Pappas, (508) 264-8010
