A large black metal pergola with a glass screen wall, installed on a stone patio next to a modern house. The pergola has a flat roof and a sliding glass door. The patio is made of large, light-colored stone tiles. In the background, there is a modern house with large windows and a stone wall. A black car is parked on the street in the background. The sky is blue with some clouds.

Hilton Plus 6m x 3m Pergola

- **Durable Aluminum Framework**
- **Superior Powder Coating**
- **Fully Waterproof: Complete protection, ideal for all climates.**
- **Efficient Drainage System: Designed for optimal water runoff.**

The technical drawing includes an isometric view of the table and two internal dimension diagrams. The isometric view shows a table with a rectangular top and four legs. Dimensions are labeled as follows: 183CM OUTSIDE FEET (length), 82CM OUTSIDE FEET (width), 75CM INSIDE LEG (width of the leg opening), 27CM INSIDE LEG (height of the leg opening), 75CM TO CENTRE (distance from the leg opening to the center of the table top), and 75CM (height of the table top). The internal dimension diagrams show the table from the side and front. The side view shows a width of 27CM INSIDE LEG and a height of 75CM. The front view shows a width of 27CM INSIDE LEG and a height of 75CM. A detail view of the leg shows a width of 1.9CM.

- Reinforced Aluminum
- Advanced Powder Coating
- Waterproof Integrity
- Sophisticated Drainage Technology
- Integrated Home Expansion
- Smart Louvres with LED

Pergola Accessories

DRYLAC®
Powder Coatings

TIGER have specialised in the manufacture of powder coatings since the early 1970's. TIGER Coatings are now one of the most respected and recognised powder manufacturers. Their solvent-free 3-step process enamels our metal pergola framework providing **years of protection**.

We trust in the quality of TIGER's Drylac powder coating to protect our metal Pergola structures in all weathers. The high quality coating simplifies **corrosion protection** on our premium collection of Aluminium Pergolas.

Distinctive Drainage Design

Our fixtures are purposefully designed to incorporate a gutter system to manage the rainwater to run off and flow down to the legs.

The legs have specifically designed holes to release this excess water, creating a weather resistant structure.

FAQ'S

How does the Hilton Pergola enhance outdoor living spaces?

It transforms your garden or patio into a versatile outdoor living space that can be enjoyed year-round. Its adjustable roof provides the perfect balance of sunlight and shade, while the modern design adds a touch of elegance to any outdoor area. Whether you're entertaining guests, enjoying a quiet afternoon, or seeking a stylish shelter, the Hilton Pergola is an excellent addition to your home.

What warranty is there on my product?

The Hilton Pergola comes with a comprehensive warranty that covers structural and manufacturing defects for a period of up to 5 years.

What is our Hilton Pergola made from?

The Hilton Pergola is constructed from high-quality, powder-coated aluminium, ensuring durability and strength. This robust material is resistant to rust, corrosion, and the harshest weather conditions, making it an ideal choice for outdoor use.

Is the Hilton Pergola Waterproof?

Yes, the Hilton Pergola is designed with a 100% waterproof adjustable louvered roof. This means you can adjust the roof panels to a closed position to protect against rain, making it suitable for all weather conditions.

What type of maintenance does this product require?

The aluminium frame of the Hilton Pergola is virtually maintenance-free. The durable powder-coated finish helps keep the pergola looking new with minimal effort.
