

AK CONSULTING GROUP LLC

BUILT FOR THE NEXT SEVEN

Seven-generations thinking, applied to strategy.

WHO WE ARE

AK Consulting Group is a strategy, leadership, and business consulting firm helping organizations build stronger leaders, make better decisions, and turn opportunities into sustainable growth. We work with businesses, tribal organizations, Alaska Native Corporations, enterprises, and leadership teams navigating growth, change, and complex decisions.

Our work is practical and personal. We bring real operating experience into the room—more than a decade in sales, leadership, business development, revenue generation, and organizational growth.

We don't believe every organization needs more consultants. They need the right partner. That's what AKCG is built to be.

HOW WE WORK

01 CONNECT

We learn the organization, the people, the goals, and what is getting in the way.

02 ASSESS

We identify the gaps, opportunities, and decisions that matter most.

03 STRATEGIZE

We build a practical roadmap around the organization's actual needs—not a template.

04 EXECUTE

We work alongside the team to turn strategy into action.

05 ELEVATE

We measure progress, strengthen internal capacity, and build what comes next.
