Favourite Wax!

Valid from 1 March 2025

WE ARE DEPILÈVE:

TRUSTED GLOBAL PIONEERS IN THE WORLD OF WAX

Some might say we are the OG of the hair removal industry. The G.O.A.T. The granddaddy.

Chances are you've seen us out and about – we're in salons from Cape Cod to Cape Town, Blackpool to Buenos Aires. We've been around the block and know a thing or two about wax after more than 50 years in the biz.

With Depilève in the beauty cabin, our professional partners get results that are the envy of all. It's what makes us tick.

Never ones to sit still, this year we've got some shiny new goodies that will leave the competition eating your dust: hair-stop solutions, and a seemingly-magical lotion with the ability to minimise redness and discomfort... these are just some of the wonders.

Excited? Us too.

Let's get this party started.

WAX FOR ALL

Depilève celebrates diversity with waxes, skincare and treatments that embrace the uniqueness of each individual.

- EVERY GENDER
- ANY COMPLEXION
- ALL BODIES
- EVERY SKIN COLOR
- EACH HAIR TYPE

We aim to inspire people to look good and feel good in their own skin. Every body is beautiful.

Did you know... over two thirds of Depilève management and employees are women.

Hair removal
Solutions for
Everybody...
And every
Body

THERAPISTS' FAVOURITE WAX FOR MORE THAN 50 YEARS

TRUSTED

We've been helping therapists and clients alike achieve perfectly smooth skin since 1972. Our formulas are developed in collaboration with our business partners across all five continents and our specialist training team provides expert education in product knowledge and technique, ensuring you always stay ahead of the curve.

GLOBAL

Depilève is a truly global brand, distributed in more than 130 countries worldwide. If you drew a line from Norway to South Africa, you'd find us in every country along the way. We also take our responsibility to the planet seriously. With the introduction of our bio-based plant resins in 2020, we are committed to more environmentally friendly and sustainable formulations in all our products.

PIONEERS

We are the original manufacturers of strip wax in cartridges and were the first company to introduce the concept of pre- and post-waxing cosmetics, waxceutical skincare and the world's first complete waxing system for barbers. As industry leaders and mavericks, we are constantly innovating; this enables us to anticipate the ever-evolving needs and wishes of salon clients and their technicians. We set the trends, we don't just follow them.

depilève®

WAXING

ACADEMY

The Depilève Waxing Academy is our in-house training platform for beauty professionals who want to learn the latest, most profitable and most efficient hair removal techniques out there. Developed by our international team of waxing experts, we offer a comprehensive program that covers each area of the face and body. We have courses suitable for everyone, from complete beginner through to our advanced masterclasses for experienced technicians. Workshops are delivered both in-person and online, making it easy to find a class that fits your needs and schedule. With the best wax AND the best education, you'll be unbeatable!

● **BOOST YOUR INCOME AND CONFIDENCE**

● **DEVELOP SPEED AND EFFICIENCY, WITHOUT COMPROMISING RESULTS**

Film Wax

Monoï of Tahiti Film Wax

Monoï of Tahiti film wax-honey texture formulated for all skin types and sensitive areas. Easily applied in very thin and flexible layer quickly, minimizing the warm sensation on the skin. It adheres perfectly to the hair and not the skin.

400 g
800 g

Karité Film Wax

Special wax for very dry, rough, scaly, sensitive skin, with capillary fragility and a prone to eczema. Thanks to the Shea butter, it provides extra protection against excessive flaking. Comes in bead form as well for easy work and temperature control.

500 g(pallets)
800 g

Premium Cream Intimate Film Wax

Premium Cream wax with a superior grip of the hair and its extremely easy application makes this wax a classic of DEPILEVE, making it ideal for starting epilation with film waxes. Recommended for professionals who prefer traditional texture with the comfort and advantages of film wax.

500 g

The leading signature Film Wax-Intimate-was the first 3G creation by making it low temperature, ultra-fine, quick-drying and no strips! Formulated with bio-based rosin that perfectly grasps the smallest hairs for a fast, effective, and gentle epilation, minimizing skin irritations. Suitable for all skin types.

800 g

Gold Black Carbon Bead Film Wax

Formulated with pure beeswax and activated carbon that provides emolliency, softness and helps absorbs impurities in the skin. Very creamy and elastic texture that facilitates its application in a thin layer. It adheres very well to the hair, always respecting the skin, which makes it very suitable for male epilation. Comes in bead form for easy work and temperature control.

1 kg

Barbepil Film Wax

An exclusive peelable wax for quick, comfortable removal of strong facial hair without the need for paper strips. Easy to use, even for technicians with no prior waxing experience. Its special formula ensures a secure grip on the hair while being extra gentle on the skin, to minimize irritation. Subtle masculine scent inspired by men's cologne, with notes of sandalwood and musk. Formulated with a bio-based resin, a renewable material that is suitable for very sensitive skins.

500 g

a THE REMOVAL IS WITHOUT STRIPS

b THIN APPLICATION LIKE STRIP WAX

c EASY ECONOMICAL THIN APPLICATION THAT STAYS PLIABLE

d EXCELLENT FOR INTIMATE AND SENSITIVE AREAS WITH LESS HEAT

Strip Wax

Natural Pine Rosin Wax

Formulated with bio-based pine rosin (vegetable origin), this wax is suitable for people looking for natural epilation that respectful to the skin and the environment. It is thin, and easy to apply with excellent grip on the hair.

400 g 800 g

Azulene Cream Rosin Wax

Thanks to its creamy formula with soothing and decongestant active ingredients, this wax is indicated for sensitive and reactive skin prone to itching and erythema.

400 g 800 g

Aloe Vera Rosin Wax

Aloe Vera with known soothing, moisturizing and regenerating properties is very refreshing and has a thin consistency. Applied and removed with ease. Ideal for sensitive skin, hot, dry climates and summer.

800 g

Pearl Rosin Wax

Its superior grip on the hair as well as its extraordinary softness and creaminess make this wax a classic of DEPILEVE. Formulated with Titanium Dioxide that acts as a protective barrier between the hair and the skin, making the removal very smooth and soft with the skin.

800 g

Crystal Marine Wax

The marine collagen firms and smoothes the skin whilst the rosin-free wax guarantees maximum effectiveness fine and short hair removal. It is made with hypoallergenic ingredients, making it suitable for people with an intolerance to rosin and for extra sensitive skin types.

800g

DISPOSABLE WAX THAT IS COST EFFECTIVE

a

Natural Wax

Bio-based wax with oily texture made of only natural organic raw materials such as pine rosin and resin delivered from soy glycerin; for a more natural and respectful epilation.

100 ml

Pink Wax

Pink Wax has Titanium Dioxide that provides an opaque, creamy consistency and has anti-inflammatory properties.

100 ml

Crystal Marine Rosin-Free Wax

Crystal Marine is a non-colophony strip wax. Fluid in texture, specially formulated from mineral rosin, suitable for skins sensitive to colophony. Unscented crystal blue colour.

100 ml

Aloe Vera Wax

Aloe Vera Extract gives a liquid/lily texture and provides moisture and freshness to the skin, excellent on skin prone to flaking and burning, powerful skin regenerator.

100ml

Bush Tea Wax

Wax with a smooth and creamy consistency that is easy to apply and, thanks to its star ingredient, the Rooibos extract; high antioxidant properties to soothe the skin.

100 ml

Bronze Wax

Characterized by its metallic bronze colour, this wax formula is oily texture and contains Salicylic Acid for quick, comfortable removal of male hair and Ginseng Oil that helps to revitalize and repair the skin.

100 ml

Black Comfort Wax

Characterized by its elegant colour, this versatile wax with a creamy texture with maximum adherence to the hair and gentle on the skin.

100 ml

Chocolate Wax

The Cocoa Extract is rich in vitamin E, which acts as a powerful anti-oxidant, this is a creamy, emollient and moisturizing wax and its aroma produces a feeling of well-being.

100 ml

FAST MELTING POINT WITH LIQUID CONSISTENCY WITH MAXIMUM USAGE AND FOR ALL SKIN TYPES

b

Traditional Wax

Traditional Olive Bio Wax

Enriched with extra virgin Spanish olive oil, has regenerating and repairing properties. Rejuvenates skin, thanks to its high content of vitamin E, an antioxidant. Low melting point with an extremely elastic consistency.

1 kg

Traditional Chlorophyll Bio Wax

Liquid formula with bio-based rosin for a superior grip on the shortest and toughest hairs, removing them without breakage. Excellent for tough areas.

1 kg

Traditional Bush Tea Bio Wax

This unique traditional wax formula made with Rooibos extract, a mineral cocktail with zinc, natural beeswax and bio-based rosin makes it a one-of-a-kind wax. High in vitamin C, helps fight oxidative stress while improving anti-inflammatory properties. Luscious in texture, low in temperature and very effective hair removal.

1 kg

Traditional Pink Bio Wax

Luxurious creamy texture enriched with natural beeswax and Titanium Dioxide with excellent anti-inflammatory properties. Superior grip removing the hair from the root with no breakage. Ideal for all skin types. Made in bead form for easy pouring and storage.

1 kg

Traditional Karité Bio Wax

Luscious creamy texture with bio-based rosin, natural beeswax, titanium dioxide and shea butter. Shea butter softens the wax making it pliable and easily peelable. Ideal for all skin types with comfort for even sensitive skins and the toughest hair. Packed in beads for easy pouring and temperature control.

1 kg

Traditional Azulene Bio Wax

Superior creamy texture with bio-based rosin, natural beeswax, titanium dioxide and guaiaulene. Guaiaulene has anti-inflammatory properties making it ideal for many skin types. Removes the toughest hair yet sensitive and delicate during removal. Packed in beads for easy pouring and temperature control.

c

Pre-Waxing

Dermobalance

A dual-action pre-epilation cosmetic specifically formulated for film and traditional waxes to sanitize, hydrate and condition the skin before hair removal.

220 ml

Pre Base

PreBase is a hydrating, cooling and toning gel. Enables skin permeability and creates a protective barrier between the wax and the skin to extract the hair safely, minimizing excessive skin pull during epilation.

200 ml
500 ml

Pre Waxing Oil

This dry oil is specifically formulated to prepare and condition very dry skin for an effective epilation. It creates a protective barrier between the wax and the skin to extract the hair safely minimizing skin pull during epilation. Suitable to use before film and traditional wax for dry skin.

220 ml

Skin prep

This pre-wax spray lotion

cleanses and prepares the skin for waxing. Apply with cotton pads to the treatment area and blot any excess moisture with a tissue. Eliminate traces of excess oil, creams and perspiration. Primes the skin and hair to improve wax adherence and make for more efficient hair removal.

220 ml

Post-Waxing

Oil Cleanser

This lightweight oil is specifically formulated to cleanse and moisturize the skin after epilation. It dissolves wax residue and leaves the skin soft and elastic, minimizing the risk of irritation.

220 ml 350 ml

Milk Cleanser

Post-epilation emulsion that removes wax residues while deeply moisturizing the skin after epilation. Enriched with calendula and oat extracts.

200 ml
500 ml

Soothing Cream

Treatment cream enriched with two key ingredients: Aloe Vera and Zinc Oxide specifically indicated to rapidly take away redness, soothe, regenerate, and avoid post-waxing inflammation in facial and delicate areas. No perfume added.

200 ml

Skin Protect

A soothing cream to hydrate and protect the skin after waxing. Contains vitamin E and extracts of butcher's broom, beech bud, oats and brown algae to reduce inflammation, revitalise the skin, moisturize and restore comfort after waxing. Guards against sun damage with SPF15.

125 ml

Treatments

Folisan

Formulated with Salicylic acid, FOLISAN is the most effective treatment to prevent ingrown hairs and treat infection and inflammation of the follicles as a result of hair removal either by epilation or shaving.

150 ml

Folimousse

Dual purpose mousse, effectively weakens hair growth and produces a refreshing and relaxing feeling on heavy and tired legs. This product is ideal for home use. (Professional / Retail)

190 ml

Foliclear

A soothing cream to hydrate. Recommended for use after waxing all areas of the face and body, this multi-functional serum can be used in the salon and at home to calm redness, tackle pimples and combat ingrown hairs.

125 ml

- A variety of areas can be treated.
- A comprehensive range of products that allow for a targeted approach to ageing and pigmentation.
- Safe to use on all body areas.
- Can be performed immediately after a waxing service.

Folifree Treatment

NON-LASERHAIR REMOVAL

Introducing a groundbreaking hair removal solution that doesn't rely on laser technology. This natural and revolutionary system delivers outstanding permanent results comparable to laser without any of the associated limitations.

This professional product is designed to be used in a spa setting following waxing, sugaring, threading, or tweezing. It consists of two serums that work on the empty anagen follicle, offering a modality that is completely different from laser, IPL, or electrolysis. With Folifree, hair colour is not a factor as it is effective on all Fitzpatrick phototypes and hair colours. What's more, there is no chance of pigmentation or damage.

Folifree is formulated using natural herbs, without the use of chemicals, that work synergistically to create a mechanism that targets the new hair cell at the base of the empty anagen follicle, preventing the duplication of cells. By inhibiting energy to the mitochondria, treated follicles become inactive within 6 hours.

1

**FOLICLE
ACTIVATOR**

Foliprime

A follicle dialator formulated with natural extracts and enriched with ginger oil promotes increased capillary flow, dilating pores up to 4 times their natural size, resulting in a significant increase in Folifree Serum absorption.

200 ml
50 ml

2

**HAIR STOP
SERUM**

Folifree

Hairinhibitor serum with natural plant extracts that progressively retard and inhibit hair growth. It is formulated using natural herbs that work synergistically to create a mechanism that targets the new hair cell at the base of the empty anagen follicle.

200 ml
50 ml

BENEFITS AND KEY POINTS

Reduces hair up to 85 %

Permanent results

Natural and
revolutionary system.

Non-laser hair removal
system

This non-laser hair removal system is permanent and can reduce hair up to 85%. Your treatment schedule will be determined by a professional and will require regular intervals of three weeks. The reduction in hair happens over time as the anagen phase hair cycles in. While most people will require between 8 and 12 treatments, individuals with hormonal issues may need more to achieve optimal results.

Gentle on you,
**gentle on
the planet**
